# Safety Instruction Guide for CYLINDER ROLLS MERIT ABRASIVE PRODUCTS

## Introduction

Thank you for choosing the CYLINDER ROLLS MERIT ABRASIVE PRODUCTS ABRASIVE CYLINDER ROLL 320 GRIT. This product is designed for shaping and polishing in tight spaces, ensuring effective performance in various applications. To ensure your safety and the safety of others while using this product, please read and follow the instructions outlined in this guide.

## General Safety Guidelines

- Always use personal protective equipment (PPE) such as safety goggles, gloves, and dust masks when operating the abrasive cylinder rolls.
- Avoid using the product in wet conditions or in environments where flammable materials are present.
- Ensure that the work area is wellventilated to minimize exposure to dust and fumes.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of damage or wear before use.

## Specific Safety Precautions for Use

- Do not exceed the maximum speed of 20,000 rpm to prevent potential hazards such as breakage or injury.
- Ensure that the cylinder roll is securely attached to the tool before operation.
- Avoid applying excessive pressure while using the abrasive roll, as this can lead to overheating and reduced effectiveness.
- Use the product only for its intended purpose; do not modify or adapt it for other uses.
- Be cautious of debris and dust generated during use, and take necessary measures to clean the area afterward.

## Instructions for Installation and Usage

### 1. Installation:

- Select the appropriate tool compatible with the 3/8" diameter cylinder roll.
- Insert the cylinder roll into the tool's mandrel securely.
- Tighten the mandrel according to the tool's specifications to ensure a firm grip.

### 2. Usage:

- Before starting, ensure that you are wearing the necessary PPE.
- Turn on the tool and allow it to reach the desired speed before making contact with the workpiece.
- Gradually introduce the cylinder roll to the surface, using smooth and controlled movements.
- After use, turn off the tool and allow it to come to a complete stop before removing the cylinder roll.

## Disposal Instructions

- Dispose of used abrasive cylinder rolls in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for recycling options or designated disposal sites for hazardous materials.
- Ensure that any packaging materials are also disposed of responsibly.

## **Contact Information for Further Support**

For safety inquiries or further assistance regarding the CYLINDER ROLLS MERIT ABRASIVE PRODUCTS, please refer to the contact information provided on the product packaging or the manufacturer's website.

By following these safety instructions, you can ensure a safer working environment while maximizing the effectiveness of your abrasive cylinder rolls. Thank you for prioritizing safety in your use of this product.
