

S&W CLASSIC, PERFORMANCE CENTER & DX MODELS OVERMOLDED SIGHTS - HIVIZ .310" FRONT SIGHT, GREEN

[Handgun Parts](#) > [Sights](#) > [Front Sights](#)

Improved Visibility In All Light Conditions

Replacement front sights work in conjunction with factory rear sights to give you fast sight acquisition in most light conditions. Machined steel body uses overmolded technology to completely cover and protect the light gathering, polymer LightPipe with an extra layer of clear polymer. Gunsmith fitting recommended. S&W CLASSIC, PERFORMANCE CENTER & DX MODELS - Interchangeable for different shooting distances and scenarios. Easy-to-see, bright red or green light rod makes target acquisition fast and efficient. Specially machined base is precision cut to fit factory ramp or base. Fits S&W Classic, Performance Center, and DX models.

Safety Instruction Guide for S&W CLASSIC, PERFORMANCE CENTER & DX MODELS OVERMOLDED SIGHTS HIVIZ .310" FRONT SIGHT, GREEN

Introduction

Thank you for choosing the S&W Classic, Performance Center & DX Models Overmolded Sights. This guide provides essential safety information and usage instructions to ensure your product is used safely and effectively. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as a front sight for S&W Classic, Performance Center, and DX models.
- Always handle firearms with care and follow all standard safety protocols when using sights.
- Inspect your sights regularly for any signs of damage or wear.
- Keep the product out of reach of children and unauthorized users.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always ensure that your firearm is unloaded before installing or adjusting the sights.
- Do not attempt to modify the sights in any way that is not specified in the installation instructions.
- Use only compatible firearms as specified by the manufacturer.
- Avoid exposure to extreme temperatures and moisture, which could affect the performance of the sights.
- If you experience any issues with sight visibility or alignment, consult a qualified gunsmith for assistance.

Instructions for Installation and Usage

1. Preparation:

- Ensure you have the required tools for installation, including a screwdriver and any specific tools recommended by the manufacturer.
- Work in a safe, welllit area to minimize the risk of accidents.

2. Installation:

- Remove the existing front sight from your firearm by loosening the screws or pins as applicable.
- Align the new HIVIZ .310" Front Sight with the factory ramp or base.
- Securely attach the new sight using the provided screws or pins, ensuring it is firmly in place.
- Check for proper alignment with the rear sight before tightening all screws completely.

3. Usage:

- Once installed, practice aiming with the new sights in a safe environment.
- Adjust your shooting stance and technique as necessary to accommodate the new sight.
- Regularly check the sight for any loosening or misalignment during use.

4. Maintenance:

- Clean the sight periodically to maintain visibility and performance.
- Inspect the polymer LightPipe for any signs of damage. If damaged, replace the sight immediately.

Disposal Instructions

- Dispose of the product in accordance with local regulations for electronic and polymer waste.
- Do not dispose of the product in regular household waste.
- Consult your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the manufacturer's contact information provided on the packaging or product documentation. Ensure you have the product details ready for efficient assistance.

Thank you for following these safety guidelines. Your safety and satisfaction are our top priorities. Enjoy your shooting experience with the S&W Classic, Performance Center & DX Models Overmolded Sights.
