

CAPTURED RECOIL GUIDE ROD FOR GLOCK® GEN 4 - LIGHTNING STRIKE CAPTURED RECOIL GUIDE ROD GLOCK 17/22/34 GEN 4

[Handgun Parts](#) > [Recoil Parts](#) > [Recoil Spring Guide Rods](#)

Think your Gen 4 Glock is built to handle any situation? Think again. While these striker-fired guns have rightly earned their battle-ready reputation, they can always be improved upon, and the Lightning Strike Products Captured Recoil Guide Rod designed for these pistols is purpose-built to enhance every aspect of these guns. Machined entirely from stainless steel, these guide rods are built better and work to reduce the lock time on Glock handguns by as much as 50 percent. This provides greater accuracy and enhanced reliability, giving Glock owners heightened capabilities that were never before possible. Guide rods are available for the following Glock pistol models: G17, G19, G22, G23, G24, G31, G32, G34, G35, G37 and G38.

Safety Instruction Guide for CAPTURED RECOIL GUIDE ROD FOR GLOCK® GEN 4

Introduction

Thank you for choosing the Captured Recoil Guide Rod for your Glock® Gen 4. This product is designed to enhance the performance of your firearm, providing improved accuracy and reliability. Please read this safety instruction guide carefully to ensure safe and proper use of the product.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Store your firearm and accessories in a secure location, out of reach of children and unauthorized users.
- Use appropriate safety gear while handling firearms, including eye and ear protection.
- Familiarize yourself with your firearm's manual and the specific features of the Captured Recoil Guide Rod.
- Regularly inspect your firearm and accessories for any signs of wear or damage.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installing or handling the recoil guide rod.
- Do not modify the recoil guide rod or any part of your firearm.
- Use only compatible Glock models as specified: G17, G19, G22, G23, G24, G31, G32, G34, G35, G37, and G38.
- Be aware that improper installation may affect the performance of your firearm.
- Keep fingers away from the trigger until you are prepared to shoot.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools (if any) for installation.

2. Installation:

- Remove the slide from the frame of the Glock by pulling the slide lock down and gently pushing the slide forward.
- Remove the factory recoil spring guide rod by pulling it out of the slide.
- Insert the Captured Recoil Guide Rod into the slide, ensuring it is seated properly.
- Reattach the slide to the frame by aligning it and pushing it back into place until you hear a click.

3. Usage:

- Confirm that the recoil guide rod is securely in place before firing.
- Regularly check the guide rod for any signs of wear or damage before use.
- Follow standard safety protocols when handling and firing the firearm.

Disposal Instructions

- Dispose of the Captured Recoil Guide Rod according to local regulations.
- Do not throw the product in regular household waste.

- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any inquiries or support regarding the Captured Recoil Guide Rod, please refer to the manufacturer's website or customer service channels provided with your purchase.

Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation. Your responsible use of this product contributes to a safer environment for all firearm users.
