

# 1" FLORESCENT PASTERS, PER ROLL

[Shooting Accessories](#) > [Targets & Accessories](#) > [Target Accessories](#)

## Fast Target Repairs - No "Lickum" Required

Adds increased visibility to new targets, helps get extra shooting sessions out of beat-up ones. Bright, florescent orange color works especially well on overcast days, at long ranges, and for older shooters whose eyes don't focus like they used to. Stick em over the black, bull s-eye on grid targets for improved visibility , use to repair shot-up targets, or make custom targets using your paper or cardboard.

# Safety Instruction Guide for 1" Fluorescent Pastes

## Introduction

Thank you for choosing the 1" Fluorescent Pastes. These bright, fluorescent orange pastes are designed to enhance the visibility of your shooting targets, making them easier to see under various conditions. This guide provides essential safety instructions to ensure safe and effective use of this product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always inspect the product for any damage before use. Do not use if the pastes are torn or damaged.
- Keep the product out of reach of children to avoid accidental ingestion or misuse.
- Use the pastes only as intended, for marking and improving target visibility.
- Do not use the pastes on skin or any other surfaces not intended for target practice.
- Report any unsafe product or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure that the shooting area is safe and free from obstructions before applying the pastes.
- Avoid using the pastes in environments where they may be exposed to extreme temperatures or moisture, as this may affect their adhesive properties.
- If you experience any irritation or allergic reaction from handling the pastes, discontinue use and seek medical advice.
- Do not consume the pastes or use them for any purpose other than intended.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the target surface is clean and dry before applying the pastes.

### 2. Application:

- Peel the paste from the roll.
- Firmly press the paste over the black bullseye or any area on the target that requires increased visibility.
- For best results, ensure that the paste adheres completely to the target surface.

### 3. Target Repair:

- Use the pastes to cover holes or damage on existing targets to extend their usability.

### 4. Creating Custom Targets:

- You can create custom targets by applying the pastes to your own paper or cardboard surfaces.

### 5. PostUse:

- After use, check the pastes for any remaining adhesive and remove any excess if necessary.

## **Disposal Instructions**

- Dispose of any unused pastes and packaging in accordance with local waste disposal regulations.
- Do not dispose of pastes in water bodies or landfills where they may cause environmental harm.

## **Contact Information for Further Support**

For any safety inquiries or additional information, please refer to the product packaging for the appropriate contact details.

By following these guidelines, you can ensure a safe and enjoyable experience while using the 1" Fluorescent Pastes. Thank you for your attention to safety!
