Introduction

Thank you for choosing the B8 (CP) 25YARD RAPID FIRE REPAIR CENTER NATIONAL TARGET B8 CENTERS. This guide provides essential safety instructions and precautions to ensure safe and effective use of the product. Please read this document thoroughly before use to understand potential hazards and how to avoid them.

General Safety Guidelines

- Always supervise children when using this product.
- Ensure the target is used in a safe environment, away from people and animals.
- Use the target only for its intended purpose, which is for shooting practice.
- Regularly inspect the target for any damage before use.
- Follow all local laws and regulations regarding the use of shooting targets.

Specific Safety Precautions for Use

- Ensure that the shooting area is clear of obstructions and bystanders.
- Wear appropriate eye and ear protection while shooting.
- Do not use the target in adverse weather conditions, such as high winds or rain.
- Avoid shooting at the target from an unsafe distance.
- Dispose of used targets properly to prevent environmental hazards.

Instructions for Installation and Usage

1. Choosing the Location:

- Select a flat, stable surface for target placement.
- Ensure the area is free from people, pets, and other potential hazards.

2. Setting Up the Target:

- Unpack the target from its packaging.
- Position the target at the desired distance (25 yards recommended).
- Secure the target in place, ensuring it will not fall or move during use.

3. Using the Target:

- Stand at a safe distance behind the shooting line.
- Aim carefully and take your shots, ensuring you are aware of your surroundings.
- After shooting, inspect the target for damage and replace if necessary.

4. PostUse:

- Remove any remaining ammunition from the area.
- Safely store the target and any shooting equipment.
- Report any unsafe conditions or incidents to the appropriate authorities.

Disposal Instructions

- Dispose of used targets in accordance with local waste management regulations.
- Do not burn the targets, as they may contain materials that could release harmful substances.
- Recycle packaging materials whenever possible.
