

# 1911 AUTO STAINLESS STEEL FIRING PIN - NOWLIN .45 ACP 1911 FIRING PIN

[Handgun Parts](#) > [Action Parts](#) > [Firing Pin Parts](#) > [Firing Pins](#)

## Helps Prevent Primer Flow, Jams & Misfires

Heat-treated stainless steel is precision machined to exact tolerances to help eliminate "primer flow" with hot loads. Prevents unreliable firing pin ignition and primer deformation that can lead to jams and misfires. Available for .45 ACP and 9mm/.38 Super. Drop-in fit; does not require alterations.

## Attributes

- Name: [NOWLIN .45 ACP 1911 FIRING PIN](#)

# Safety Instruction Guide for 1911 AUTO STAINLESS STEEL FIRING PIN NOWLIN .45 ACP

## Introduction

Thank you for choosing the 1911 AUTO STAINLESS STEEL FIRING PIN. This product is designed to enhance the performance and reliability of your 1911 pistol. Please read this safety instruction guide carefully to ensure safe and effective use.

## General Safety Guidelines

- Ensure that all safety precautions are followed during the installation and use of the firing pin.
- Always handle firearms with care and in accordance with local laws and regulations.
- Use only appropriate ammunition as specified for your firearm model.
- Regularly inspect your firearm and its components for wear or damage.
- Store firearms and ammunition securely to prevent unauthorized access, especially from children.

## Specific Safety Precautions for Use

- Only use the firing pin with compatible models: Government, Commander, and Officers.
- Ensure that the firing pin is installed correctly to prevent misfires or jams.
- Avoid using excessive force when installing the firing pin; it should fit smoothly into place.
- Do not modify the firing pin or any related components, as this may compromise safety and performance.
- If you experience any issues with misfires or jams, cease use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools, such as a punch and hammer, if required for installation.

### 2. Installation:

- Remove the old firing pin from the firearm according to the manufacturer's guidelines.
- Inspect the new firing pin to ensure it is free from defects.
- Align the new firing pin with the firing pin channel in the slide.
- Gently tap the firing pin into place using a punch and hammer, if necessary, ensuring it is seated properly.

### 3. PostInstallation Check:

- After installation, perform a function check to ensure the firing pin operates correctly.
- Test the firearm in a safe environment, ensuring the firing pin ignites the primer reliably.

### 4. Usage:

- Load the firearm with appropriate ammunition and ensure it is in a safe condition before use.
- Maintain a proper grip and stance while firing.
- Always be aware of your surroundings and ensure a safe backstop when discharging the firearm.

## Disposal Instructions

- Dispose of the old firing pin and any packaging materials in accordance with local regulations.
- Do not dispose of any firearm components in regular household waste.
- Contact local waste management authorities for guidance on the safe disposal of metal components.

## Contact Information for Further Support

For any further inquiries or support regarding the 1911 AUTO STAINLESS STEEL FIRING PIN, please refer to the manufacturer's contact details provided with the product packaging.

## Conclusion

By following these safety guidelines and instructions, you can ensure the safe and effective use of your 1911 AUTO STAINLESS STEEL FIRING PIN. Always prioritize safety and responsible firearm handling practices. Thank you for your attention to these important safety measures.
