

1911 STAINLESS STEEL BARREL BUSHINGS - NOWLIN PRE-FIT BARREL BUSHING COMMANDER

[Handgun Parts](#) > [Barrel Parts](#) > [Barrel Bushings](#)

Improves Slide/Barrel Fit For Better Accuracy; Pre-Fit & Oversized Models

Premium-grade, machined stainless steel bushings ensure a close slide-to-barrel fit for the tight lockup that helps produce consistent accuracy. Heat treated and hardened to stay in spec through thousands of firing cycles. Pre-Fit requires little or no fitting on most 1911 Autos. Quick and easy way to obtain optimum accuracy and proper lock-up. Fits Nowlin, Wilson, and other .581" O.D. barrels. Oversized requires turning of O.D. and reaming of I.D. to achieve a true, match-grade fit for maximum accuracy and secure lock-up. Gunsmith fitting required.

Attributes

- Name: [NOWLIN PRE-FIT BARREL BUSHING COMMANDER](#)
- Manufacturer: [NOWLIN](#)
- Product no.: 654000069

Safety Instruction Guide for 1911 Stainless Steel Barrel Bushings

Introduction

Thank you for choosing the 1911 Stainless Steel Barrel Bushings Nowlin PreFit Barrel Bushing Commander. This guide provides essential safety instructions to ensure the safe and effective use of your product in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure the product is used only for its intended purpose as specified.
- Always handle the barrel bushings with care to avoid injury.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use only with compatible 1911 models to prevent malfunction.
- Ensure that the firearm is unloaded before installation or adjustment.
- Wear appropriate safety gear, including eye protection, during installation.
- Avoid using excessive force during installation to prevent damage.
- Be aware of the potential for sharp edges on the bushings; handle with caution.
- If you are unsure about the installation process, consult a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation:

- Ensure your workspace is clean and welllit.
- Gather necessary tools, including a gunsmithing screwdriver and calipers.

2. Removal of Old Bushing:

- Ensure the firearm is unloaded.
- Remove the slide from the frame.
- Use a bushing wrench to unscrew the old barrel bushing carefully.

3. Installation of New Bushing:

- Select the appropriate Nowlin PreFit Barrel Bushing.
- If using the oversized version, be prepared to turn the O.D. and ream the I.D. for a matchgrade fit.
- Insert the new bushing into the slide, ensuring it is seated properly.

4. Fitting:

- Check the fit of the bushing with the barrel.
- If necessary, consult with a gunsmith for precise fitting to achieve optimal accuracy and lockup.

5. Reassembly:

- Reattach the slide to the frame.
- Conduct a function check to ensure proper operation.

6. Final Safety Check:

- After installation, ensure that the firearm operates smoothly.
- Always perform a test fire in a safe environment to confirm accuracy and functionality.

Disposal Instructions

- Dispose of any old or damaged barrel bushings in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for recycling options or hazardous waste disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or usage, please refer to the EU contact point designated for product safety inquiries. Ensure you have the product details available for assistance.

By following these guidelines, you will ensure the safe and effective use of your 1911 Stainless Steel Barrel Bushings. Thank you for your attention to safety.
