REMINGTON 1100/1187 BARREL SEALS 20 GA. BARREL SEAL, 4PAK Safety Instruction Guide

Introduction

Thank you for choosing the REMINGTON 1100/1187 Barrel Seals. This product is designed to replace factory gas system parts, ensuring that your shotgun operates efficiently and safely. This guide provides essential safety information, installation instructions, and disposal guidelines to help you use this product effectively while adhering to safety regulations.

General Safety Guidelines

To ensure the safe use of the REMINGTON 1100/1187 Barrel Seals, please follow these general safety guidelines:

- Always read and understand the product instructions before use.
- Inspect the product for any visible damage before installation.
- Ensure that the firearm is unloaded and safe to handle during installation.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe product conditions or incidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

When using the REMINGTON 1100/1187 Barrel Seals, please observe the following precautions:

- Use only as directed for the specified models (1100 and 1187).
- Avoid using the product if it appears damaged or defective.
- Do not modify the barrel seals or use them in any application other than intended.
- Ensure proper fitting during installation to avoid gas leaks.
- Always wear appropriate safety gear when handling firearms, including eye protection.
- Be cautious of hot surfaces when operating the firearm after installation.

Instructions for Installation and Usage

Follow these steps to ensure proper installation and usage of the REMINGTON 1100/1187 Barrel Seals:

1. Preparation:

- Ensure the shotgun is unloaded and in a safe condition.
- Gather necessary tools for installation (if applicable).

2. Removal of Old Seals:

- Carefully remove the existing gas seals from the barrel.
- Inspect the barrel for any signs of wear or damage.

3. Installation of New Seals:

- Take the new Teflon barrel seals from the packaging.
- Align the new seals properly in the designated grooves of the barrel.
- Press the seals firmly into place, ensuring a snug fit.

4. Final Inspection:

- Doublecheck that the seals are correctly installed and secure.
- Clean any excess debris from the installation area.

5. Usage:

- Once installed, test the firearm in a safe environment to ensure proper function.
- Monitor for any signs of gas leakage during operation.

Disposal Instructions

Proper disposal of the REMINGTON 1100/1187 Barrel Seals is essential for environmental safety:

- Dispose of the product in accordance with local waste management regulations.
- Do not incinerate or expose the product to extreme heat.
- If the product is damaged or defective, consult local regulations for hazardous waste disposal.

Contact Information for Further Support

For additional support or inquiries regarding the REMINGTON 1100/1187 Barrel Seals, please refer to the product packaging for contact information or visit the manufacturer's website.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and effective experience with your REMINGTON 1100/1187 Barrel Seals.
