

# INDIA STONES - NORTON MF-723, POINT, 3X5/16"

[Gunsmith Tools](#) > [Metal Prep & Coloring](#) > [Stones](#)

## Mainstay Of The Gunsmith Profession

Man made from aluminum oxide. A uniformly dense stone with superior cutting properties make these medium grit stones cut faster than hard Arkansas. Especially useful for lapping, honing, sharpening and polishing in tight places where the special shapes can reach into nooks and crannies.

# Safety Instruction Guide for INDIA STONES NORTON MF723

## Introduction

Thank you for choosing the INDIA STONES NORTON MF723. This guide provides important safety instructions to ensure the safe use of this product. Please read all sections carefully before using the stone.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose as a sharpening and polishing tool.
- Always inspect the stone for any damage before use. Do not use if the stone is cracked or broken.
- Keep this product out of reach of children to prevent accidents.
- Use in wellventilated areas to avoid inhalation of dust particles generated during use.
- Always wear appropriate personal protective equipment, including safety glasses and gloves, when using the stone.

## Specific Safety Precautions for Use

- Avoid direct contact with the sharp edges of the stone to prevent cuts and injuries.
- Do not apply excessive pressure while using the stone; let the stone do the work.
- Ensure that the workpiece is securely held to prevent slipping during sharpening or polishing.
- If using water or oils, ensure they are compatible with the stone and do not create hazardous conditions.
- Always clean the stone after use to maintain its performance and longevity.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and safety equipment before starting.
- Ensure the working area is clean and free from obstacles.

### 2. Using the Stone:

- Hold the stone securely in one hand while using the other hand to guide the workpiece.
- Position the workpiece at the correct angle against the stone for effective sharpening or polishing.
- Move the workpiece across the stone in a steady motion, applying light pressure.
- Repeat the process until the desired sharpness or polish is achieved.

### 3. Cleaning the Stone:

- After use, rinse the stone with water to remove any debris.
- Dry the stone thoroughly before storing it to prevent moisture damage.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the stone in regular household waste.
- Consider recycling options if available.

## **Contact Information for Further Support**

For safety inquiries or additional support regarding this product, please contact your local distributor or refer to the manufacturer's website.

## **Conclusion**

By following these safety instructions, you can ensure the safe and effective use of the INDIA STONES NORTON MF723. Always prioritize safety and take necessary precautions to protect yourself and others while using this product.
