METALITE CLOTH ROLLS SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the Norton EZ Flex Metalite Cloth Roll. This product is designed for metalworking professionals and hobbyists for a variety of applications, including coarse sanding and fine polishing of hard or ferrous metals. To ensure your safety and the effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always use personal protective equipment (PPE) such as gloves, goggles, and dust masks to protect against dust and debris.
- Ensure that your work area is wellventilated to minimize inhalation of dust particles.
- Keep the product out of reach of children and vulnerable individuals to prevent accidental injury.
- Regularly check for product recalls or safety updates on the EU Safety Gate platform.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Inspect the cloth roll before use to ensure it is in good condition and free from defects.
- Do not use the cloth roll on materials for which it is not designed, as this may pose safety risks.
- Avoid using the cloth roll near flammable materials or in environments where sparks may ignite fires.
- Do not exceed the recommended operating speed to prevent the risk of tearing or flaking.
- Always follow the manufacturer's instructions for the specific application to avoid accidents.

Instructions for Installation and Usage

- **Preparation:**
 - Gather all necessary tools and PPE before starting.
 - Ensure your work surface is clean and free of obstructions.
- **Installation:**
 - Attach the cloth roll to the appropriate tool or device according to the manufacturer's specifications.
 - Ensure that the cloth roll is securely fastened before use to prevent slippage.
- **Usage:**
 - Begin sanding or polishing at a low speed to assess the material's response.
 - Gradually increase speed as needed, ensuring control over the tool at all times.
 - Move the cloth roll evenly across the surface to achieve a consistent finish.
 - If you notice any tearing or flaking, stop immediately and inspect the cloth roll for damage.
- **PostUse Care:**
 - Clean the work area to remove any dust or debris generated during use.
 - Store the cloth roll in a cool, dry place away from direct sunlight and moisture.

Disposal Instructions

- Dispose of used cloth rolls in accordance with local regulations for hazardous waste.

- Do not dispose of the cloth rolls in regular household waste if they contain harmful materials.
- Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or product information, please contact the manufacturer or refer to the product packaging for further details.

By following these guidelines, you can ensure a safe and effective experience with the Norton EZ Flex Metalite Cloth Roll. Thank you for prioritizing safety in your metalworking projects.
