# Safety Instruction Guide for METALITE CLOTH ROLLS NORTON EZ FLEX

## Introduction

Thank you for choosing the METALITE CLOTH ROLLS NORTON EZ FLEX. This product is designed for metalworking professionals and hobbyists alike, providing a reliable solution for sanding and polishing ferrous metals. To ensure safe and effective use, please read and follow the safety guidelines provided in this document.

## General Safety Guidelines

- Ensure that the working environment is wellventilated to avoid inhaling dust particles generated during use.
- Always wear appropriate personal protective equipment (PPE), including safety goggles, gloves, and a dust mask.
- Keep the workspace clear of obstructions and clutter to prevent accidents.
- Do not use the cloth rolls on materials that are not intended for use, such as soft metals or plastics.
- Regularly inspect the cloth roll for any signs of damage or wear before use.
- If you experience any discomfort or adverse reactions while using the product, discontinue use immediately and seek medical advice.

## Specific Safety Precautions for Use

- Always follow the manufacturer's instructions for the specific task you are performing.
- Do not exceed the recommended speed for your sanding or polishing tool to prevent accidents.
- Avoid applying excessive pressure while using the cloth roll, as this may cause it to tear or wear out prematurely.
- Ensure that the cloth roll is securely attached to the tool before starting your task.
- Keep hands and loose clothing away from moving parts of the tool during operation.
- If using the cloth roll on powered equipment, ensure that the equipment is turned off and unplugged when changing the roll.

## Instructions for Installation and Usage

### 1. Installation:

- Choose the appropriate size of the METALITE CLOTH ROLL for your tool.
- Ensure the tool is turned off and unplugged before installation.
- Remove any old or damaged cloth rolls from the tool.
- Securely attach the new cloth roll to the tool, following the manufacturer's guidelines.
- Doublecheck that the cloth roll is firmly in place before proceeding.

### 2. Usage:

- Turn on the tool and allow it to reach the desired speed.
- Begin sanding or polishing by gently applying the cloth roll to the surface, moving in a consistent motion.
- Avoid pressing too hard; let the cloth roll do the work.
- Periodically check the cloth roll for wear and replace it if it shows signs of damage or excessive wear.
- After completing your task, turn off and unplug the tool before removing the cloth roll.

## **Disposal Instructions**

- Dispose of used METALITE CLOTH ROLLS according to local waste disposal regulations.
- Do not dispose of the cloth rolls in regular household waste if they contain hazardous materials.
- Consider recycling options where available to minimize environmental impact.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the METALITE CLOTH ROLLS NORTON EZ FLEX, please refer to the manufacturer's customer service or support channels. Ensure you have the product details and any relevant information ready for a more effective response.

By adhering to these safety instructions and guidelines, you can ensure a safe and effective experience while using the METALITE CLOTH ROLLS NORTON EZ FLEX. Always prioritize safety and compliance with applicable regulations to protect yourself and others in your working environment.
