# METALITE CLOTH ROLLS Safety Instruction Guide

## Introduction

Thank you for choosing the Norton EZ Flex Metalite Cloth Roll. This product is designed for metalworking professionals and provides excellent performance for various applications, including coarse sanding and fine polishing of hard or ferrous metals. To ensure safe and effective use, please follow the safety guidelines outlined in this document.

## General Safety Guidelines

- Always read and understand the product instructions before use.
- Ensure that the workspace is clean and free from hazards.
- Use appropriate personal protective equipment (PPE) such as safety goggles, gloves, and masks.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check for any signs of wear or damage to the cloth roll before use.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure that the cloth roll is securely attached to the tool before starting.
- Do not exceed the recommended speed for the tool being used with the cloth roll.
- Avoid prolonged exposure to dust generated during sanding and polishing. Use a dust extraction system if possible.
- Do not use the cloth roll on materials for which it is not intended.
- If the cloth roll tears or shows signs of shredding, discontinue use immediately.
- Avoid contact with flammable materials or sources of ignition during operation.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the tool is turned off and unplugged before installation.
- Remove any old or damaged cloth rolls from the tool.
- Attach the Norton EZ Flex Metalite Cloth Roll securely to the tool according to the manufacturer's instructions.
- Check that the roll is properly aligned and free from obstructions.

### 2. Usage:

- Turn on the tool and set it to the appropriate speed for the task.
- Begin sanding or polishing by applying light pressure and allowing the cloth roll to do the work.
- Move the cloth roll smoothly across the surface, following the contours of the material.
- Periodically check the cloth roll for wear and replace it as necessary.
- After use, turn off the tool and unplug it before removing the cloth roll.

## Disposal Instructions

- Dispose of used cloth rolls in accordance with local regulations.
- Do not dispose of cloth rolls in regular household waste if they contain hazardous materials.
- Consider recycling options if available in your area.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the Norton EZ Flex Metalite Cloth Roll, please consult the manufacturer's website or contact your local distributor for assistance.

By following these safety instructions, you can ensure a safe and effective experience while using the Norton EZ Flex Metalite Cloth Roll. Thank you for prioritizing safety in your metalworking projects.
