Safety Instruction Guide for NORTON PREMIUM HARD ARKANSAS STONES BROWNELLS HF113 HARD TRIANGLE ARKANSAS STONE 3X1/4"

Introduction

Thank you for choosing the Norton Premium Hard Arkansas Stones. These ultrafine stones are designed for professional use in sharpening and finishing cutting tools, gouges, and other precision instruments. This guide provides essential safety instructions to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the stones out of reach of children and vulnerable individuals.
- Always inspect the stones for damage before use.
- Use appropriate personal protective equipment (PPE) such as gloves and safety goggles when handling and using the stones.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Avoid Direct Contact:** Do not touch the sharp edges of the stones directly to prevent cuts or injuries.
- **Proper Handling:** Always hold the stones securely when using them to avoid slipping.
- **Stable Work Surface:** Use the stones on a stable, flat surface to prevent accidents.
- **Dry Use:** Ensure that the stones are dry before use to maintain grip and effectiveness.
- **Avoid Excessive Pressure:** Do not apply excessive pressure while sharpening, as this could lead to breakage or injury.
- **Use in WellVentilated Areas:** If using for extended periods, ensure adequate ventilation to avoid inhaling any dust particles.

Instructions for Installation and Usage

1. Preparation:

- Ensure your work area is clean and free from distractions.
- Gather all necessary tools and materials for sharpening.

2. Using the Stones:

- Hold the stone securely with one hand and the tool to be sharpened with the other.
- Position the tool at the appropriate angle against the stone (typically between 15-30 degrees).
- Move the tool across the stone in a controlled manner, applying light and even pressure.
- Alternate sides of the tool to maintain an even edge.
- Frequently check the sharpness of the tool to avoid oversharpening.

3. Cleaning After Use:

- Clean the stones with a soft brush or cloth to remove any debris.
- Store the stones in a dry place, away from direct sunlight and moisture.

Disposal Instructions

- Dispose of any damaged stones in accordance with local waste management regulations.
- Do not dispose of the stones in regular household waste if they are broken; instead, seek guidance from local authorities on hazardous waste disposal.

Contact Information for Further Support
