

FIBER OPTIC FRONT SIGHTS RED - NOVAK FIBER OPTIC FRONT SIGHT, RED, .190" HIGH, FITS COLT 1911

[Handgun Parts](#) > [Sights](#) > [Front Sights](#)

Maximizes Available Light For Fast, Low-Light Sight Acquisition

Advanced light gathering properties of fiber optic rods make maximum use of ambient light to provide a bright glow that stands out against dark backgrounds and puts you on target fast, even in low-light or high-stress situations. Fronts and rears sold separately, so you can create a custom, three-dot, fiber optic system tailored to your shooting needs. Available with red or green inserts. Front sight can also be used with Novak's plain, wide-notch rear. Kimber and Taurus front sights are the same height as factory sights and fit factory dovetails; no machining required.

Safety Instruction Guide for FIBER OPTIC FRONT SIGHTS RED NOVAK FIBER OPTIC FRONT SIGHT

Introduction

Thank you for purchasing the FIBER OPTIC FRONT SIGHT, RED, .190" HIGH, designed to enhance your shooting experience. This guide provides essential safety instructions and guidelines to ensure the safe use of your product, in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before use.

General Safety Guidelines

- Ensure that all safety instructions are followed during installation and usage.
- Always treat your firearm as if it is loaded, even if you believe it to be unloaded.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the front sight for any signs of wear or damage.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Do not use the front sight if it appears damaged or defective.
- Ensure that the front sight is properly installed before using your firearm.
- Avoid using the product in extreme conditions, such as high humidity or extreme temperatures, which may affect performance.
- Do not attempt to modify or alter the front sight in any way.
- Always wear appropriate eye protection when using firearms.
- Be mindful of your surroundings and ensure a safe shooting environment.

Instructions for Installation and Usage

Installation Instructions

1. **Prepare Your Firearm:** Ensure that your firearm is unloaded and safe to work on.
2. **Remove the Existing Front Sight:** Use the appropriate tools to gently remove the factory-installed front sight.
3. **Install the Fiber Optic Front Sight:**
 - Align the new fiber optic sight with the dovetail slot on your firearm.
 - Gently tap the sight into place using a nonmarring tool until it is securely fitted.
4. **Check Alignment:** Ensure that the front sight is aligned correctly with the rear sight for optimal accuracy.
5. **Secure the Sight:** If applicable, tighten any screws or fasteners to secure the sight in place.

Usage Instructions

- Once installed, familiarize yourself with the sight by practicing in a safe environment.
- Adjust your shooting stance and grip to accommodate the new sight for improved accuracy.
- Use the front sight in varying light conditions to assess its performance.
- Regularly clean the fiber optic rod to maintain optimal lightgathering capabilities.

Disposal Instructions

- Dispose of the product in accordance with local regulations for electronic or optical waste.

- Do not dispose of the product in regular household waste.
- Consider recycling options available in your area to minimize environmental impact.

Contact Information for Further Support

For any inquiries or concerns regarding the FIBER OPTIC FRONT SIGHT, please refer to the manufacturer's contact information, which can be found on the packaging or official website.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience with your FIBER OPTIC FRONT SIGHT. Always prioritize safety and responsibility when handling firearms. Thank you for choosing our product.
