

# TAURUS 1911 X-MODEL REAR NIGHT SIGHT - 2-DOT TRITIUM REAR SIGHT FOR TAURUS 1911

[Handgun Parts](#) > [Sights](#) > [Rear Sights](#)

## Clear, Fast Sight Picture In All Light Conditions; Low-Profile, No-Snag Shape

Low-profile, fixed sights for Taurus 1911 have Tritium inserts that glow in low light, so you can see the sights clearly under all conditions. Same height as original factory sights, and cut for drop-in fit to factory dovetails—no machining of slide required. Rear sight has two dots, one on each side of the notch. Wide notch in rear sight provides more light around the front sight for a clearer sight picture and faster target acquisition. White circles around the inserts further enhance visibility in daylight conditions, while rebated rear blade helps prevent glare in bright light. X-Model design with sloping top surface, rounded corners, and beveled edges that won't snag on clothing or holster—perfect for concealed-carry or tactical use. Purchase front sight (sold separately) to give your pistol an advanced three-dot night sight system or mix with other Novak sights to create a sight system customized to your shooting needs.

# Safety Instruction Guide for TAURUS 1911 XMODEL REAR NIGHT SIGHT

## Introduction

Thank you for choosing the TAURUS 1911 XMODEL Rear Night Sight. This guide provides important safety instructions and information to ensure the safe and effective use of your new sight. Please read this guide thoroughly before installation and usage.

## General Safety Guidelines

- Ensure safe handling of your firearm and accessories at all times.
- Follow all local laws and regulations regarding firearm usage and modifications.
- Always keep your firearm pointed in a safe direction.
- Use appropriate eye and ear protection when handling firearms.
- Store your firearm and accessories securely to prevent unauthorized access.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- The Tritium inserts are designed to glow in low light; however, they do not replace standard safety practices.
- Do not attempt to modify or alter the sight in any way, as this may compromise safety.
- Ensure proper fitting of the sight to your Taurus 1911. Minor fitting may be necessary.
- Always check that your firearm is unloaded before installation or maintenance.
- Be aware of your surroundings and ensure a clear line of sight when using your firearm.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your Taurus 1911 is unloaded.
- Remove the original rear sight by using a sight pusher or appropriate tool.
- Align the new TAURUS 1911 XMODEL Rear Night Sight with the factory dovetail.
- Gently press or tap the sight into place, ensuring it is secure.
- Check for proper alignment and adjust as necessary.

### 2. Usage:

- Familiarize yourself with the sight picture provided by the twodot Tritium inserts.
- Practice aiming in various lighting conditions to understand how the sight performs.
- Maintain your sight regularly to ensure optimal performance and visibility.

## Disposal Instructions

- Dispose of any packaging materials in accordance with local waste management regulations.
- If the sight becomes damaged or nonfunctional, follow local guidelines for the disposal of firearm accessories.
- Ensure that any Tritium inserts are handled responsibly and disposed of in a manner that complies with safety regulations.

## **Contact Information for Further Support**

For any questions or concerns regarding the TAURUS 1911 XMODEL Rear Night Sight, please consult your local retailer or contact the manufacturer directly. It is important to have a clear understanding of your product for safe usage.

## **Conclusion**

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your TAURUS 1911 XMODEL Rear Night Sight. Always prioritize safety and responsible firearm handling. Thank you for your commitment to safety and responsible firearm ownership.
