

# 1911 REAR SIGHTS - NOVAK P/B 1911/COMP USES FRONT .185"-.200",REAR BLADE .735"X.425"

[Handgun Parts](#) > [Sights](#) > [Rear Sights](#)

## No-Snag "Angle" Design; Faster Sight Picture

Competition (Comp) plain, target style, undercut blade with protected notch. Hangs over the rear of the slide and extends sight radius for quicker, more precise sighting. Lo-Mount (LM) has an angled top surface with mitered edges that won't snag on holsters or clothes. Rebated blade fights glare. Wide Notch (WN) has enlarged, .140" notch to provide more light around the front sight for a clearer sight picture and faster target acquisition. Super Wide Notch (SWN) has .170" wide notch for even faster target acquisition; helps aging eyes see the front sight more easily.

## Attributes

- Name: [NOVAK P/B 1911/COMP USES FRONT .185"-.200",REAR BLADE .735"X.425"](#)

# Safety Instruction Guide for 1911 Rear Sights Novak P/B

## Introduction

Thank you for choosing the 1911 Rear Sights Novak P/B. This guide provides essential safety instructions and information to ensure safe and effective use of your product. Please read this guide carefully before installation and use.

## General Safety Guidelines

- Ensure that you are familiar with the operation of your firearm before installing or using the rear sights.
- Always handle firearms with care and follow all applicable safety rules.
- Keep the rear sights out of reach of children and unauthorized users.
- Regularly check the rear sights for any signs of wear or damage.
- If you notice any defects, do not use the product and seek assistance immediately.
- Ensure that the firearm is unloaded before installing or adjusting the rear sights.
- Use appropriate tools and follow the installation instructions to avoid injury or damage.

## Specific Safety Precautions for Use

- Always wear eye protection when handling firearms.
- Use the rear sights only for the intended firearm models: Government, Commander, and Officers.
- Be aware that the LoMount design may affect the overall sight picture; practice is recommended to adapt to this feature.
- The Rebated blade is designed to reduce glare; however, be aware of lighting conditions that may still affect visibility.
- The Wide Notch and Super Wide Notch options provide enhanced visibility, but ensure that they are compatible with your shooting style.
- If you are unsure about the installation or use of the rear sights, consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure the firearm is unloaded and in a safe environment.
- Gather the necessary tools, including a dovetail cutter if required.

### 2. Installation

- For 1911 LM models, milling of the slide is necessary. Use a 65° x .495" dovetail cutter for proper installation.
- For 1911 Comp models, the rear sights fit into the factory dovetail without modifications.
- Align the rear sights with the dovetail and gently tap into place using a nonmarring tool.

### 3. Adjustment

- After installation, check the alignment of the sights.
- Make necessary adjustments to ensure proper sight picture.
- Test the firearm at a safe shooting range to confirm accuracy.

### 4. Maintenance

- Regularly inspect the rear sights for any signs of damage or misalignment.
- Clean the sights with a soft cloth to maintain visibility and performance.

## **Disposal Instructions**

- Dispose of the product responsibly in accordance with local regulations.
- If the rear sights are damaged beyond repair, do not attempt to fix them; dispose of them safely.
- Recycle any metal components where appropriate.

## **Contact Information for Further Support**

For any questions or concerns regarding the product, please contact your local retailer or manufacturer. Ensure that you have the product details available for assistance.

By following these guidelines, you can ensure the safe and effective use of your 1911 Rear Sights Novak P/B. Always prioritize safety and seek professional assistance when needed.
