

# **BROWNING HI-POWER REAR SIGHTS - NOVAK P/B BRWN HP/LM, FRT SIGHT .165"-.185",REAR BLADE .700"X.275"**

[Handgun Parts](#) > [Sights](#) > [Rear Sights](#)

Competition plain, target-style, undercut blade with protected notch. Hangs over the rear of the slide and extends sight radius for quicker, more precise sighting. Browning HP require milling of slide, use 65° x .495" dovetail cutter. HP fits later models with external, side extractors only. Lo-Mount has an angled top surface with mitered edges that won't snag on holsters or clothes. Rebated blade fights glare. Browning Hi Power models fit the Mark II models.

# Safety Instruction Guide for Browning HiPower Rear Sights

## Introduction

Thank you for choosing the Browning HiPower Rear Sights. This guide provides essential safety information and instructions to ensure safe and effective use of the product. Please read this document carefully before installation or use.

## General Safety Guidelines

- Ensure that the product is suitable for your Browning HiPower model.
- Always follow the manufacturer's instructions and guidelines.
- Keep the product away from children and individuals who may not understand its use.
- Regularly inspect the sights for any damage or wear before use.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay updated on recall notices through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use the Browning HiPower Rear Sights only for its intended purpose.
- Ensure proper installation to avoid any misalignment that could affect accuracy.
- Do not attempt to modify the sights or the firearm in any unauthorized way.
- Use appropriate tools when installing the sights to prevent damage.
- Be aware of your surroundings when using the firearm equipped with these sights.
- Always treat firearms as if they are loaded, even if you believe they are not.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools, including a 65° x .495" dovetail cutter for milling the slide.
- Ensure you have a clean and welllit workspace.

### 2. Milling the Slide

- Carefully mill the slide of your Browning HiPower to accommodate the new sights.
- Ensure that you follow the manufacturer's specifications for milling.

### 3. Installing the Front Sight

- Position the front sight in the dovetail cut on the slide.
- Ensure it is securely in place and aligned correctly.

### 4. Installing the Rear Sight

- Position the rear sight over the rear of the slide.
- Ensure the sight is aligned properly to extend the sight radius for improved accuracy.

### 5. Final Checks

- After installation, check the alignment of both the front and rear sights.
- Make any necessary adjustments to ensure proper sighting.

## 6. Usage

- When using the firearm, ensure that your grip and stance are stable.
- Practice regularly to become familiar with the sighting system.

## Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the product is damaged or no longer in use, follow local guidelines for the disposal of firearm accessories.

## Contact Information for Further Support

For any questions or concerns regarding the Browning HiPower Rear Sights, please consult the manufacturer's website or customer service for assistance. Ensure you have the product details ready for more efficient support.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities.
