## Change Sight Colors Instantly; Great For Touch-Up Or Changing Colors To Match Conditions

High-pigment sight paints allow the iron sight shooter to add, change or touch-up sight colors in as little as 60 minutes. Greatly improves sight acquisition, shooter focus, and helps shooters tailor their sights for competition, hunting or self defense. Coating dries flexible to resist chipping and will not fade over time. Great for adding color to new gun sights and archery sight pins, or touching up worn, or chipped sights on all types of weapons. Easy-to-use needle applicator bottle puts the exact amount of paint right where you want it – no waste and no paint brush required. Shake bottle, apply and allow 1 hour to dry. One bottle paints a lifetime of sights.

# SITE KOTE KG PRODUCTS Safety Instruction Guide

## Introduction

Welcome to the SITE KOTE KG PRODUCTS safety instruction guide for SITE KOTE RED 1/4OZ. This guide provides essential safety information to ensure the safe use of this highpigment sight paint. Please read and follow these instructions carefully to maximize your safety and the effectiveness of the product.

## General Safety Guidelines

- Ensure that the product is stored in a cool, dry place away from direct sunlight.
- Keep out of reach of children and pets.
- Always use the product in a wellventilated area to avoid inhalation of fumes.
- Do not ingest the product. It is not intended for consumption.
- Use personal protective equipment (PPE) such as gloves and safety goggles to prevent skin and eye contact.
- In case of skin or eye contact, rinse immediately with plenty of water and seek medical advice if irritation persists.

## Specific Safety Precautions for Use

- Shake the bottle well before use to ensure even distribution of pigments.
- Use the needle applicator carefully to avoid spills and ensure precision application.
- Avoid applying the product near open flames or sources of ignition.
- Do not use the product on surfaces that are not intended for paint application.
- Allow the paint to dry completely for at least one hour before handling or using the sight.
- If you experience any adverse reactions while using the product, discontinue use immediately and consult a medical professional.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the surface to be painted is clean, dry, and free of grease or oil.
- Shake the SITE KOTE RED bottle vigorously for about 30 seconds.

### 2. Application:

- Remove the cap and carefully press the needle applicator against the desired area.
- Apply a small amount of paint to the sight or sight pin, using a steady hand for precision.
- Avoid overapplication to prevent drips or runs.

### 3. Drying:

- Allow the paint to dry for a minimum of one hour. This ensures that the coating is flexible and durable.
- Do not touch or use the sight until it is fully dry.

### 4. Cleanup:

- Clean any spills immediately with a cloth.
- Dispose of any unused product according to local regulations.

## **Disposal Instructions**

- Dispose of empty bottles and any leftover paint in accordance with local waste disposal regulations.
- Do not dispose of the product in household waste or down the drain.
- If uncertain about disposal methods, consult local waste management authorities for guidance.

## **Contact Information for Further Support**

For any inquiries or concerns regarding safety or product usage, please contact the manufacturer directly. Ensure that you have the product details available for reference.

By following these safety instructions, you can enjoy the benefits of SITE KOTE RED 1/4OZ while minimizing risks associated with its use. Thank you for choosing SITE KOTE KG PRODUCTS.
