## Change Sight Colors Instantly; Great For Touch-Up Or Changing Colors To Match Conditions

High-pigment sight paints allow the iron sight shooter to add, change or touch-up sight colors in as little as 60 minutes. Greatly improves sight acquisition, shooter focus, and helps shooters tailor their sights for competition, hunting or self defense. Coating dries flexible to resist chipping and will not fade over time. Great for adding color to new gun sights and archery sight pins, or touching up worn, or chipped sights on all types of weapons. Easy-to-use needle applicator bottle puts the exact amount of paint right where you want it – no waste and no paint brush required. Shake bottle, apply and allow 1 hour to dry. One bottle paints a lifetime of sights.

# SITE KOTE ORANGE 1/4OZ Safety Instruction Guide

## Introduction

Thank you for choosing SITE KOTE ORANGE 1/4OZ. This highpigment sight paint is designed to enhance your shooting experience by allowing you to customize your iron sights for better visibility and focus. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always store the product in a cool, dry place, away from direct sunlight and heat sources.
- Keep the product out of reach of children and pets.
- Do not use the product if the seal is broken or damaged.
- Avoid contact with skin and eyes. If contact occurs, rinse thoroughly with water.
- In case of ingestion, seek medical attention immediately.
- Dispose of the product responsibly, following local regulations.

## Specific Safety Precautions for Use

- Ensure proper ventilation when applying the paint to avoid inhalation of fumes.
- Use the needle applicator bottle carefully to prevent spills and ensure precise application.
- Do not apply the paint to surfaces that are hot or in direct sunlight.
- Allow the paint to dry for a minimum of one hour before handling or using the sighted equipment.
- Do not mix with other paints or solvents, as this may result in chemical reactions.

## Instructions for Installation and Usage

### 1. Preparation:

- Shake the bottle vigorously for at least 30 seconds before use to ensure even distribution of pigment.
- Clean the surface of the sight or sight pin thoroughly to remove any dirt, oil, or old paint.

### 2. Application:

- Remove the cap from the needle applicator bottle.
- Position the needle applicator tip directly over the area to be painted.
- Squeeze the bottle gently to dispense a small amount of paint. Apply only as much as needed to avoid excess.

### 3. Drying:

- Allow the paint to dry for at least one hour before using the sight. The coating will dry flexible to resist chipping.

### 4. Touchup:

- For worn or chipped sights, repeat the application process as needed to maintain visibility.

## Disposal Instructions

- Dispose of any unused paint and empty bottles in accordance with local waste disposal regulations.

- Do not dispose of the product in household waste. Check for local hazardous waste collection points.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the product, please refer to the official website or contact the manufacturer directly. Ensure that you have the product details at hand for accurate assistance.

By following these guidelines, you can safely enjoy the benefits of SITE KOTE ORANGE 1/4OZ while minimizing risks associated with its use. Thank you for your attention to safety!
