Change Sight Colors Instantly; Great For Touch-Up Or Changing Colors To Match Conditions

High-pigment sight paints allow the iron sight shooter to add, change or touch-up sight colors in as little as 60 minutes. Greatly improves sight acquisition, shooter focus, and helps shooters tailor their sights for competition, hunting or self defense. Coating dries flexible to resist chipping and will not fade over time. Great for adding color to new gun sights and archery sight pins, or touching up worn, or chipped sights on all types of weapons. Easy-to-use needle applicator bottle puts the exact amount of paint right where you want it – no waste and no paint brush required. Shake bottle, apply and allow 1 hour to dry. One bottle paints a lifetime of sights.

SITE KOTE NEON GREEN 1/4OZ Safety Instruction Guide

Introduction

Welcome to the safety instruction guide for SITE KOTE NEON GREEN 1/4OZ. This product is designed for enhancing the visibility of iron sights on firearms and archery equipment. Please read this guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Store the product out of reach of children and pets.
- Always follow local laws and regulations regarding the use of sight paints.
- In case of accidental ingestion or contact with eyes, seek medical attention immediately.
- Check for any recalls or safety alerts regarding this product on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use in a wellventilated area to avoid inhaling fumes.
- Do not apply to hot surfaces or near open flames.
- Wear gloves to prevent skin contact and protect your hands from staining.
- Avoid contact with eyes. If contact occurs, rinse immediately with plenty of water and seek medical advice.
- Do not use on surfaces that are not intended for paint application.

Instructions for Installation and Usage

1. Preparation:

- Shake the bottle well before use to ensure even distribution of pigment.
- Clean the surface of the sight to remove any dirt or oil.

2. Application:

- Use the needle applicator to apply the paint directly to the sight.
- Apply a thin layer for best results. Avoid overapplying to prevent drips.
- Allow the paint to dry for at least 1 hour before handling.

3. PostApplication:

- After use, clean the applicator tip to prevent clogging.
- Store the bottle in a cool, dry place away from direct sunlight.

Disposal Instructions

- Dispose of any unused product or empty bottles in accordance with local regulations.
- Do not pour paint down the drain or dispose of it in regular household waste.
- Check with local waste disposal authorities for proper disposal methods.
