Have The Right Brush On Hand For The Toughest Cleaning Job

Nylon, bronze or stainless steel bristles means you will always have the correct brush on hand even for the toughest cleaning requirement. Flexible, double-ended design is best around in the shop; can be put to dozens of uses cleaning, polishing and restoring. Blue or white nylon takes care of fresh carbon or powder residue inside or out but won't scratch your firearm's finish. Extra-gentle white nylon is also perfect for cleaning delicate wood surfaces. Bronze cleans more stubborn residue on metal surfaces that require more aggressive scrubbing action like inside slides, receivers or locking lugs. Stainless steel is best for aggressive cleaning of fouling other brushes won't touch. Use stainless steel on interior surfaces only because it will scratch and mark most gun steels and finishes.

Attributes

- Name: [OTIS NYLON, BRONZE & STAINLESS BRUSH KIT 3/PACK](#)
- Manufacturer: [OTIS](#)
- Product no.: 668000018
- Mfr. No.: FG-316-3

Safety Instruction Guide for ALL PURPOSE CLEANING BRUSHES OTIS NYLON, BRONZE & STAINLESS BRUSH KIT 3/PACK

Introduction

Thank you for choosing the ALL PURPOSE CLEANING BRUSHES OTIS NYLON, BRONZE & STAINLESS BRUSH KIT. This guide provides important safety instructions to ensure the safe and effective use of these cleaning brushes. Please read this guide carefully before use.

General Safety Guidelines

- Always use the brushes for their intended purpose as described in this guide.
- Keep out of reach of children to prevent accidental injury.
- Inspect the brushes before each use for any signs of damage or wear.
- Do not use the brushes on surfaces that may be damaged by aggressive scrubbing.
- Always wear appropriate personal protective equipment (PPE) such as gloves and safety goggles when cleaning.
- If any irritation or adverse reaction occurs while using the brushes, discontinue use immediately and seek medical advice.

Specific Safety Precautions for Use

• Nylon Brushes:

- Use the blue or white nylon brushes for cleaning carbon or powder residue.
- The extragentle white nylon is suitable for delicate wood surfaces.

• Bronze Brushes:

- Use bronze brushes for stubborn residue on metal surfaces.
- Avoid using bronze brushes on sensitive finishes as they may cause scratching.

• Stainless Steel Brushes:

- Use stainless steel brushes only on interior surfaces that can withstand aggressive cleaning.
- Do not use stainless steel brushes on gun steels or finishes to prevent scratching and marking.

Instructions for Installation and Usage

1. Before Use:

- Inspect each brush for any damage.
- Ensure the handle is securely attached to the brush head.

2. Using the Brushes:

- Select the appropriate brush based on the surface and type of residue.
- For nylon brushes, use gentle strokes to avoid damaging surfaces.
- For bronze and stainless steel brushes, apply moderate pressure as needed.
- Always clean in the direction of the grain or finish to minimize scratches.

3. PostUse Care:

- Clean the brushes after each use to remove any residue.
- Store the brushes in a dry place away from direct sunlight.
- Avoid storing brushes in damp areas to prevent bristle deterioration.

Disposal Instructions

- Dispose of the brushes in accordance with local regulations.
- If the brushes are worn or damaged beyond use, consider recycling if applicable.
- Do not dispose of the brushes in regular household waste if they contain materials that may be harmful to the environment.

Contact Information for Further Support

For any inquiries regarding safety or product usage, please reach out to the appropriate EUbased contact point for assistance.

By following these safety instructions, you can ensure a safe and effective cleaning experience with your ALL PURPOSE CLEANING BRUSHES OTIS NYLON, BRONZE & STAINLESS BRUSH KIT. Thank you for your attention to safety!
