

BORE BRUSHES - OTIS BRASS BORE BRUSHES, 10 PAK FITS .22 RIMFIRE/.223/5.56MM

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

Bronze Or Nylon Bristles Scrub Bores Clean Without Scratching

Hard-scrubbing brushes strip fouling quickly, leaving the bore sparkling clean. Premium-quality phosphor bronze bristles have twice the fill and a much longer life than generic brushes, with bristles all the way to the tip. More bristles mean fast, thorough cleaning. Stem is cold welded to the looped-and-wound brass core to withstand up to 200 lbs. of pull force without separating. All models are threaded to fit standard 8-32 rods and precision machined to ensure a clean starter thread so the brush screws on the rod easily. Caliber stamped on the stem, so you can be sure you always have the correct-size brush for your gun. Some calibers available with nylon bristles for jobs requiring less aggressive scrubbing action. Universal length fits both rifle and handgun bores.

Attributes

- Name: [OTIS BRASS BORE BRUSHES, 10 PAK FITS .22 RIMFIRE/.223/5.56MM](#)
- Manufacturer: [OTIS](#)
- Product no.: 668000028

Safety Instruction Guide for BORE BRUSHES OTIS BRASS BORE BRUSHES, 10 PAK FITS .22 RIMFIRE/.223/5.56MM

Introduction

Thank you for choosing the BORE BRUSHES OTIS BRASS BORE BRUSHES. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this document carefully before using the bore brushes.

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Always inspect the brushes before use for any signs of damage or wear.
- Keep the bore brushes out of reach of children and vulnerable individuals.
- Follow all local regulations regarding the use and disposal of cleaning products.
- Report any unsafe conditions or incidents related to this product to the appropriate authorities.

Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):**
 - Wear safety glasses to protect your eyes from debris.
 - Use gloves to protect your hands from cleaning solvents and chemicals.
- **Handling and Use:**
 - Always use the brushes with a compatible cleaning rod (832 threads).
 - Do not force the brush into the bore; it should fit snugly but not require excessive force.
 - Avoid using the brushes on hot surfaces or firearms that have been recently fired.
- **Cleaning and Maintenance:**
 - Clean the brushes after each use to remove fouling and debris.
 - Store the brushes in a cool, dry place, away from direct sunlight.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather all necessary cleaning supplies, including the bore brush, cleaning rod, and cleaning solvent.

2. Installation:

- Attach the bore brush to the cleaning rod by screwing it onto the threaded end (832 threads).
- Ensure that the connection is secure before proceeding.

3. Usage:

- Apply a suitable cleaning solvent to the bore brush.

- Insert the brush into the firearm's bore and push it through gently.
- Pull the brush back out, repeating the process as necessary until the bore is clean.
- Dispose of any used cleaning materials in accordance with local regulations.

4. PostCleaning:

- After cleaning, inspect the bore for any remaining fouling.
- Store the bore brush and cleaning rod properly to prevent damage.

Disposal Instructions

- Dispose of used bore brushes in accordance with local waste disposal regulations.
- Do not dispose of cleaning solvents or chemicals in regular trash. Follow local guidelines for hazardous waste disposal.

Contact Information for Further Support

For any inquiries related to product safety, usage, or concerns, please refer to the appropriate contact point provided by the manufacturer or retailer.

Thank you for your attention to these safety instructions. Proper use and maintenance of the BORE BRUSHES OTIS BRASS BORE BRUSHES will ensure a safe and effective cleaning experience.
