

# PROFESSIONAL .45 CALIBER PISTOL CLEANING SYSTEM

[Gun Cleaning & Chemicals](#) > [Cleaning Kits](#) > [Handgun Cleaning Kits](#)

## For .45 Caliber Pistols & Sub Guns

This Otis professional pistol cleaning system is the ideal choice for maintaining .45 caliber pistols and sub guns. It includes Memory-Flex cleaning rods, solid brass slotted tips, and 100-percent cotton cleaning patches. Also included in this kit is a bore brush, all-in-one cleaner, lubricant and preservative, so you have everything you need to quickly clean the receiver, chamber, neck, and bore. Remove bore obstructions with an included remover and complete your maintenance with other components such as the brass scraper, straight pick, and pin punch. Keep your firearms in top condition by using the right tools for the job. Note: This system also cleans the MP5.

# PROFESSIONAL .45 CALIBER PISTOL CLEANING SYSTEM Safety Instruction Guide

## Introduction

Thank you for choosing the PROFESSIONAL .45 CALIBER PISTOL CLEANING SYSTEM. This guide provides essential safety instructions to ensure safe usage and maintenance of your firearm cleaning kit. Please read this guide carefully before use to maximize safety and effectiveness.

## General Safety Guidelines

- Always handle firearms with care and ensure they are unloaded before cleaning.
- Keep all cleaning supplies out of reach of children and vulnerable individuals.
- Use the cleaning system in a wellventilated area to avoid inhalation of fumes from cleaners and lubricants.
- Wear protective eyewear when using cleaning solvents and tools to prevent eye irritation.
- Dispose of used cleaning patches and materials properly to prevent environmental contamination.

## Specific Safety Precautions for Use

- Ensure that the firearm is completely unloaded and the magazine is removed before cleaning.
- Avoid using excessive force when cleaning to prevent damage to the firearm or cleaning tools.
- Store cleaning solvents and lubricants in their original containers, tightly sealed, and away from direct sunlight.
- Do not mix different cleaning products, as this may create hazardous reactions.
- If you experience any adverse reactions (e.g., skin irritation, respiratory issues) while using the cleaning system, discontinue use immediately and seek medical advice.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded, and the area is clear of distractions.
- Gather all components of the cleaning system, including cleaning rods, brushes, patches, and solvents.

### 2. Cleaning Process:

- Attach the appropriate MemoryFlex cleaning rod to the slotted tip.
- Insert a cotton cleaning patch into the slotted tip and moisten it with the allinone cleaner.
- Carefully insert the cleaning rod into the bore from the chamber end and push it through to the muzzle end.
- Repeat the process with a bore brush to remove fouling and debris.
- Use the included bore obstruction remover if necessary to clear any blockages.
- After cleaning, lubricate the firearm using the provided lubricant to protect against corrosion.

### 3. Final Steps:

- Inspect the firearm to ensure it is clean and properly lubricated.
- Store all cleaning components in a safe and organized manner to prevent loss or damage.

## **Disposal Instructions**

- Dispose of used cleaning patches, brushes, and other materials in accordance with local regulations for hazardous waste.
- Do not pour cleaning solvents down the drain. Follow local guidelines for the disposal of chemicals.
- Recycle packaging materials where possible to minimize environmental impact.

## **Contact Information for Further Support**

For any safety inquiries or additional support, please refer to your local authorities or the appropriate consumer safety organizations in your region.

Thank you for your attention to these safety guidelines. By following these instructions, you can ensure safe and effective maintenance of your PROFESSIONAL .45 CALIBER PISTOL CLEANING SYSTEM.
