AR15/M16 MSR/AR Cleaning System Safety Instructions

Introduction

Thank you for choosing the AR15/M16 MSR/AR Cleaning System. This versatile cleaning kit is designed to provide an all-in-one cleaning solution for your .223/5.56 AR15. To ensure safe and effective use of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always handle cleaning tools with care to avoid injury.
- Keep the cleaning kit out of reach of children and pets.
- Inspect all components of the cleaning kit before use. Do not use damaged items.
- Use the cleaning kit in a well-ventilated area to avoid inhaling fumes from solvents.
- Follow all manufacturer instructions for use and maintenance of your firearm.
- Store the cleaning kit in a dry place to prevent damage to components.

Specific Safety Precautions for Use

- Wear safety goggles and gloves when using solvents to protect your eyes and skin.
- Avoid contact with the eyes and skin when using cleaning solvents; if contact occurs, rinse immediately with water.
- Do not ingest any cleaning solvents or materials.
- Ensure the firearm is unloaded and pointed in a safe direction before cleaning.
- Use the B.O.N.E. Tool® only as instructed to avoid damaging the bolt assembly.
- Do not exceed the recommended amount of solvent when cleaning; excessive solvent can lead to residue buildup.

Instructions for Installation and Usage

1. Preparation

- Ensure your firearm is completely unloaded.
- Gather all necessary components from the cleaning kit.

2. Cleaning Process

- Attach the appropriate MemoryFlex® cleaning cable (8" or 30") to the cleaning brush or swab.
- Insert the cleaning cable into the firearm's barrel from the breech end.
- Pull the cleaning cable through the barrel several times to remove fouling and debris.
- Use the chamber brush to clean the chamber area.
- For stubborn fouling, apply a small amount of O85 Ultra Bore® solvent to the brush or swab before use.
- After cleaning, use a dry swab to remove any excess solvent from the barrel.

3. Post-Cleaning

- Inspect all components to ensure they are clean and free from damage.
- Store the cleaning kit in its nylon carry case to protect it from environmental factors.

Disposal Instructions

- Dispose of used cleaning patches and swabs in accordance with local regulations for hazardous waste.
- Do not dispose of solvents down the drain or in regular trash. Follow local disposal guidelines for hazardous materials.

Contact Information for Further Support

For any questions or concerns regarding the AR15/M16 MSR/AR Cleaning System, please refer to the product packaging for contact information or consult the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective cleaning experience with your AR15/M16 MSR/AR Cleaning System. Thank you for your attention to safety and responsible firearm maintenance.
