

# RIPCORDS - OTIS 308CAL/7.62MM RIPCORD 36"

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Chamber Brushes](#)

This convenient tool cleans from Breech-to-Muzzle in one quick and easy pass. The molded rubberized core and Nomex® fibers together create an effective way to trap and remove fouling. Available in .223 cal/5.56mm, .308cal/7.62mm, 9mm, .45 cal, and .40 cal, .243 cal/6.5mm, .270 cal/6.8mm, 12 gauge. Heat Resistant Outer Layer Made of heat resistant synthetic fibers (Nomex®); the same material used in the protective gear trusted by firefighters, racecar drivers, and the U.S. Military. Heat resistant up to 700° F so you can be sure this cleaning product won't melt in your barrel. Rigid, durable materials trap fouling better than nylon products Nomex® acts as both a brush to loosen and a patch to capture fouling particles Molded Rubberized Core Keeps the Nomex® cleaning surface pressed against the bore ensuring an aggressive 360° clean. Helix shape engages the rifling through the length of the barrel Threaded Ends Coated solid brass won't scratch or damage the bore Safe for all firearms 8-32 standard threads to accommodate additional cleaning components, if desired Safe obstruction removal for jammed cases and other blockages Smart Gun Care For proper cleaning, insert the longer, narrower end in the chamber and feed out the muzzle. Pull through from Breech-to-Muzzle®. Repeat as needed. Use only for caliber specified.

## Attributes

- Name: [OTIS 308CAL/7.62MM RIPCORD 36"](#)
- Manufacturer: [OTIS](#)
- Product no.: 668000131
- Mfr. No.: FG-RC-330
- Caliber: 30 Caliber (.308)
- Cartridge: 308 Winchester, 7.62 mm NATO
- Material: Nomex
- Style: Rifle
- Delivery weight: 0.005kg

# RIPCORDS OTIS 308CAL/7.62MM RIPCORD Safety Instruction Guide

## Introduction

Thank you for choosing the RIPCORDS OTIS 308CAL/7.62MM RIPCORD. This innovative cleaning tool is designed for effective firearm maintenance, ensuring a clean bore from breech to muzzle. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always use the RIPCORD in accordance with the manufacturer's instructions.
- Ensure the firearm is unloaded before using the cleaning tool.
- Keep the cleaning tool out of reach of children and vulnerable individuals.
- Inspect the RIPCORD for any damage before each use. Do not use if damaged.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use only with firearms that match the specified caliber (.308 cal/7.62mm).
- Do not exceed the recommended cleaning temperature of 700° F.
- Avoid using the RIPCORD in a manner that may cause it to become jammed in the firearm.
- Ensure the cleaning surface is clean before use to prevent contamination.
- Follow proper cleaning procedures to avoid injury or damage to the firearm.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is completely unloaded and pointed in a safe direction.
- Gather all necessary cleaning components.

### 2. Using the RIPCORD:

- Insert the longer, narrower end of the RIPCORD into the chamber of the firearm.
- Feed the RIPCORD through the muzzle until it exits the bore.
- Pull the RIPCORD through from breech to muzzle, ensuring a smooth motion.
- Repeat the process as necessary until the bore is clean.
- Use only for the specified caliber to ensure optimal performance.

### 3. PostUse Care:

- Inspect the RIPCORD for fouling or damage after use.
- Clean the RIPCORD as needed to maintain its effectiveness.

## Disposal Instructions

- Dispose of the RIPCORD in accordance with local regulations.
- Do not dispose of the RIPCORD in regular household waste if it is contaminated with hazardous materials.
- Check with local waste management authorities for proper disposal methods.
