

PRECISION APPLICATOR PACK - OTIS PRECISION APPLICATOR PACK

[Gun Cleaning & Chemicals](#) > [Solvents & Degreasers](#) > [Solvents](#)

Different parts of a firearm require different levels of precision when it comes to applying cleaners, lubricants and protectants. Turn your bottle into a precision application system and control the level of product dispensed with the precision application pack. Now you can reduce waste and over pouring. Included in the pack are two metal tips – ultra-fine and fine, and an adjustable cut-to-size plastic tip. It also comes with a clear cover that is compatible with all tips. The twist and lock cap is compatible with all Otis 2 and 4 ounce bottles and accommodates all precision tips. Includes: ultra-fine precision metal tip fine precision metal tip adjustable cut-to-size precision plastic tip clear cover, compatible with all tips twist and lock cap, only compatible with the plastic Otis 2 & 4 ounce bottles. Not compatible with newer metal cans.

Safety Instruction Guide for the Otis Precision Applicator Pack

Introduction

Thank you for choosing the Otis Precision Applicator Pack. This product is designed to help you apply cleaners, lubricants, and protectants with precision, reducing waste and overpouring. To ensure safe and effective use of this product, please follow the safety guidelines and instructions outlined in this guide.

General Safety Guidelines

- Always read and understand the instructions before using the product.
- Keep the product out of reach of children and vulnerable individuals.
- Do not use the product for any purpose other than its intended use.
- Inspect the product for any damage before use. Do not use if damaged.
- Store the product in a cool, dry place away from direct sunlight and heat sources.
- Dispose of the product responsibly, in accordance with local regulations.

Specific Safety Precautions for Use

- Ensure that you are using the product in a wellventilated area to avoid inhalation of fumes.
- Avoid contact with skin and eyes. If contact occurs, rinse immediately with plenty of water and seek medical advice if irritation persists.
- Do not ingest the product. If swallowed, seek medical attention immediately.
- Use appropriate personal protective equipment (PPE), such as gloves and safety goggles, when handling the product.
- Be cautious when using the ultrafine and fine metal tips to prevent injury or accidental puncture.

Instructions for Installation and Usage

1. Preparation:

- Ensure your Otis 2 or 4 ounce bottle is clean and free of any residues.
- Choose the appropriate tip for your application: ultrafine, fine, or adjustable cuttosize plastic tip.

2. Installation:

- Remove the existing cap from the bottle.
- Select the desired precision tip and align it with the bottle opening.
- Twist and lock the cap securely to ensure a tight fit.

3. Usage:

- To dispense the product, gently squeeze the bottle while aiming the tip at the area to be treated.
- Control the flow of the product by adjusting the pressure applied to the bottle.
- After use, clean the tip with a suitable solvent to prevent clogging.

4. PostUsage Care:

- Always replace the clear cover after use to protect the tips from debris.
- Store the applicator pack and bottle in a safe location.

Disposal Instructions

- Dispose of the product and its components in accordance with local regulations.
- Do not dispose of the product in household waste. Check for local recycling options.
- If the product is deemed hazardous, follow your local guidelines for hazardous waste disposal.

Contact Information for Further Support

For safety inquiries or additional support regarding the Otis Precision Applicator Pack, please refer to the contact details provided on the packaging or visit the official Otis website.

By following these safety instructions, you can ensure a safe and effective experience with your Otis Precision Applicator Pack. Thank you for prioritizing safety in your usage of this product.
