

7.62 B.O.N.E TOOL - OTIS 7.62 B.O.N.E BOLT CARRIER ASSEMBLY CLEANING TOOL

[Gunsmith Tools](#) > [Rifle Tools](#) > [Combination Tools](#)

AR-308 owners know the importance of a clean bolt and bolt carrier group. Carbon and fouling can build-up in these areas, causing jams and malfunctions. The B.O.N.E.® Tool was designed specifically to clean the bolt carrier assembly area of .308/7.62 rifles. This quick-clean tool serves four purposes- Scrapes carbon and fouling from the: Bolt Bolt Carrier Firing Pin Includes a 8-32 threaded hole to act as a T-handle Note: While this tool fits many bolts flawlessly, it may fit some bolts better than others due to variance in bolts by different manufacturers.

Attributes

- Name: [OTIS 7.62 B.O.N.E BOLT CARRIER ASSEMBLY CLEANING TOOL](#)

Safety Instruction Guide for the 7.62 B.O.N.E Tool

OTIS 7.62 B.O.N.E Bolt Carrier Assembly Cleaning Tool

Introduction

Thank you for choosing the 7.62 B.O.N.E Tool, designed specifically for cleaning the bolt carrier assembly area of .308/7.62 rifles. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this guide carefully before use.

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Keep the tool out of reach of children and vulnerable individuals.
- Inspect the product before each use for any signs of damage or wear.
- Do not use the tool if it appears damaged or malfunctioning.
- Always follow local laws and regulations regarding firearms and cleaning tools.

Specific Safety Precautions for Use

- Use the B.O.N.E Tool in a wellventilated area to avoid inhalation of cleaning residues.
- Wear appropriate personal protective equipment (PPE), such as gloves and safety goggles, to protect against potential exposure to chemicals and debris.
- Avoid contact with sharp edges of the tool during cleaning operations.
- Store the tool in a safe place when not in use to prevent accidents.
- Do not modify the tool in any way, as this can compromise its safety and effectiveness.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is unloaded and the chamber is clear before beginning any cleaning procedure.
- Gather all necessary cleaning supplies, including the B.O.N.E Tool, cleaning solvents, and rags.

2. Using the B.O.N.E Tool

- Insert the appropriate end of the B.O.N.E Tool into the bolt carrier assembly area.
- Use a gentle scraping motion to remove carbon and fouling from the bolt, bolt carrier, and firing pin.
- Make sure to clean all accessible areas thoroughly.

3. Using the Thandle Feature

- Utilize the 832 threaded hole as a Thandle for better grip and leverage during cleaning.
- Attach a compatible handle if necessary for improved control.

4. PostCleaning

- After cleaning, inspect the bolt and bolt carrier group for any remaining fouling.
- Wipe down all cleaned surfaces with a clean rag to remove any residual cleaning solvent.

Disposal Instructions

- Dispose of any cleaning solvents and materials used during the cleaning process according to local regulations.
- The B.O.N.E Tool itself can be disposed of in general waste unless it is damaged or contains hazardous materials.

Contact Information for Further Support

For any inquiries regarding product safety or usage, please refer to the manufacturer's contact details provided with the product packaging or on the manufacturer's website.

Conclusion

By following these safety guidelines and instructions, you can ensure a safe and effective cleaning experience with the 7.62 B.O.N.E Tool. Always prioritize safety and compliance with relevant regulations when handling firearms and cleaning tools. Thank you for your attention to these important safety measures.
