

# M4 SAT SIGHT ADJUSTMENT TOOL - OTIS M4 SAT SIGHT ADJUSTMENT TOOL

[Gunsmith Tools](#) > [Sight & Scope Installation Tools](#) > [Sight Adjusting Tools](#)

Adjusting the sights on an M4 can be done using your fingernail or a round of ammo but get it done much quicker, easier and safer with the M4 SAT sight adjustment tool. This easy to use tool simply pushes down onto the front sight post. Rotate the click wheel on the tool clockwise to lower the post and counterclockwise to raise the post. You can hear and feel the tool click. Comes in a 2 pack.

# M4 SAT Sight Adjustment Tool Safety Instruction Guide

## Introduction

Thank you for purchasing the M4 SAT Sight Adjustment Tool. This guide provides important safety instructions and information to ensure the safe and effective use of this product. Please read all instructions carefully before using the tool.

## General Safety Guidelines

- Ensure that the tool is used only for its intended purpose, which is to adjust the sights on an M4 firearm.
- Always handle firearms with care and follow all relevant safety regulations.
- Keep the tool and any associated equipment out of reach of children and unauthorized users.
- Inspect the tool for any damage before use. Do not use if damaged.
- Be aware of your surroundings when using the tool to avoid accidents.

## Specific Safety Precautions for Use

- Use the tool only when the firearm is unloaded and pointed in a safe direction.
- Ensure that the click wheel is functioning properly before use.
- Do not apply excessive force when using the tool to avoid damaging the sight post.
- If you experience any difficulty or resistance while using the tool, stop and inspect for any obstructions or issues.
- Always wear appropriate eye protection when using the tool, especially in environments where debris may be present.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure that the firearm is unloaded and in a safe area.
- Gather the M4 SAT Sight Adjustment Tool and familiarize yourself with its parts.

### 2. Using the Tool

- Position the tool over the front sight post.
- Gently push down on the tool to engage with the sight post.
- Rotate the click wheel:
  - Clockwise to lower the sight post.
  - Counterclockwise to raise the sight post.
- Listen for and feel the clicks as you adjust the sight post to ensure proper movement.

### 3. PostUse

- After adjustments, ensure that the sight is securely in place.
- Store the tool in a safe location away from children and pets.

## Disposal Instructions

- Dispose of the M4 SAT Sight Adjustment Tool in accordance with local regulations.
- If the tool is damaged beyond repair, ensure that it is disposed of in a way that prevents accidental use.

## **Contact Information for Further Support**

For any inquiries related to safety or product issues, please reach out to the manufacturer through their official contact channels. Ensure you have the product details ready for reference.

Thank you for following these safety guidelines. Your adherence to these instructions will help ensure a safe and effective experience with the M4 SAT Sight Adjustment Tool.
