

WISE SOFT JAWS - OTIS WISE SOFT JAWS FLAT

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Vises & Accessories](#) > [Vise Jaws](#)

For gunsmiths or firearm owners working on their AK firearms, the Otis AK Soft Jaws are an essential item to protect your AK while keeping it secure in a vise. Works with light duty vises up to large, heavy duty vises (minimum vise jaw measurement is 4"L x 0.5"H). Composed of a non-slip rubber material, these soft jaws have the perfect balance of hardness to keep even the smallest parts clamped and flexibility to mold to the various shapes of a firearm. Softer than gun parts, these soft jaws will not mar or scratch gun metals. The rubber is oil, solvent and alcohol resistant and easily wipes clean. They also feature a top lip which not only help protect the firearm but in conjunction with embedded magnets, also hold the Soft Jaws to the jaws of the vise. Designed by a group of professional gunsmiths, the AK soft jaws are designed specifically for AK firearm platforms and feature detailed contouring and rivet holes to perfectly fit and securely hold rifles of the AKM pattern, the most commonly found AK style. This Soft Jaw will not fit RPK pattern AK rifles.

WISE SOFT JAWS OTIS Safety Instruction Guide

Introduction

Thank you for choosing the WISE SOFT JAWS OTIS. These soft jaws are designed specifically for gunsmiths and firearm owners who work on AK firearms. They provide a secure grip while protecting your firearm from damage. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the soft jaws are compatible with your vise. The minimum vise jaw measurement should be 4"L x 0.5"H.
- Always inspect the soft jaws for signs of wear or damage before use.
- Keep the product out of reach of children and vulnerable individuals.
- Use the soft jaws only for their intended purpose clamping AK firearms securely in a vise.
- Be aware of your surroundings and ensure that the workspace is clear of obstacles and distractions.

Specific Safety Precautions for Use

- Do not exceed the weight limit of your vise when using the soft jaws.
- Ensure that the firearm is unloaded before securing it in the vise.
- Always use the soft jaws in conjunction with a properly functioning vise.
- Do not use the soft jaws on RPK pattern AK rifles, as they are not designed for this application.
- Avoid using the soft jaws with excessive force that may damage the firearm or the jaws themselves.
- Clean the soft jaws regularly to maintain their effectiveness and prevent contamination from oils or solvents.

Instructions for Installation and Usage

1. Preparation

- Ensure that the vise is clean and free from debris.
- Verify that the soft jaws are in good condition and free from damage.

2. Installation

- Place the soft jaws onto the vise jaws, ensuring they fit snugly.
- The top lip of the soft jaws should rest against the vise jaws, providing additional protection to the firearm.
- If applicable, utilize the embedded magnets to hold the soft jaws securely in place.

3. Clamping the Firearm

- Carefully position the AK firearm between the soft jaws.
- Gently close the vise until the soft jaws make contact with the firearm.
- Ensure that the firearm is held securely without excessive pressure that could cause damage.
- Doublecheck the alignment to confirm that the firearm is properly positioned.

4. PostUse

- After completing your work, carefully release the vise and remove the firearm.
- Clean the soft jaws with a damp cloth to remove any oils or solvents.
- Store the soft jaws in a dry place, away from direct sunlight and extreme temperatures.

Disposal Instructions

- Dispose of the soft jaws in accordance with local regulations.
- If the product is damaged or no longer usable, consider recycling the rubber material if applicable.
- Do not dispose of the product in regular household waste if it can be recycled.

Contact Information for Further Support

For any safety inquiries or support regarding the VISE SOFT JAWS OTIS, please contact the manufacturer or your retailer directly. They will provide assistance and ensure compliance with safety standards.

By following these guidelines, you can ensure a safe and effective experience while using the VISE SOFT JAWS OTIS. Thank you for your attention to safety.
