COMPACT GUN CLEANING SYSTEM OTIS TACTICAL CLEANING KIT PORTABLE UNIVERSAL

Safety Instruction Guide

Introduction

Thank you for choosing the COMPACT GUN CLEANING SYSTEM OTIS TACTICAL CLEANING KIT. This guide provides essential safety instructions to ensure the safe and effective use of the cleaning kit. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that you are familiar with the operation of your firearm before using this cleaning kit.
- Always handle firearms with care and follow all standard safety practices.
- Keep the cleaning kit out of reach of children and vulnerable individuals.
- Do not use the cleaning kit for any purpose other than cleaning firearms.
- Regularly check the cleaning kit for any signs of wear or damage before use.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Use the cleaning kit only in a wellventilated area to avoid inhalation of fumes from the cleaning solvent.
- Wear protective gloves when handling cleaning solvents to prevent skin irritation.
- Avoid contact with eyes. In case of contact, rinse immediately with plenty of water and seek medical advice.
- Store cleaning solvents in a cool, dry place away from direct sunlight and heat sources.
- Dispose of used patches and cleaning solvents according to local regulations to prevent environmental contamination.

Instructions for Installation and Usage

1. Preparation

- Ensure that your firearm is unloaded and pointed in a safe direction.
- Gather all necessary components from the cleaning kit, including MemoryFlex® cable rods, O85® Ultra Bore™ solvent, slotted tip, patches, and bore brushes.

2. Cleaning Process

- Attach the appropriate bore brush to the MemoryFlex® cable rod.
- Insert the cable rod into the firearm's bore and apply a small amount of O85® Ultra Bore™ solvent to the brush.
- Pull the brush through the bore several times to loosen fouling and debris.
- Replace the bore brush with a slotted tip and attach a cleaning patch.
- Apply a small amount of O85® Ultra Bore™ solvent to the patch and run it through the bore until clean.
- Repeat the process with dry patches until no residue is visible.
- Clean other parts of the firearm as needed, following similar procedures.

3. PostCleaning

- After cleaning, ensure that all components of the cleaning kit are cleaned and stored properly.
- Store the cleaning kit in its black nylon carrying case to protect the contents.

Disposal Instructions

- Dispose of used cleaning patches and any remaining cleaning solvent in accordance with local waste disposal regulations.
- Do not pour cleaning solvents down drains or into water sources.

Contact Information for Further Support

For any questions or concerns regarding the use of the COMPACT GUN CLEANING SYSTEM OTIS TACTICAL CLEANING KIT, please refer to the manufacturer's website or contact customer support.

Regulatory Compliance

This product complies with the EU General Product Safety Regulation (GPSR). It is designed to minimize potential hazards associated with firearm cleaning. Please ensure that you follow all safety instructions provided in this guide to avoid any risks.

By adhering to these safety instructions, you can ensure a safe and effective cleaning experience with your COMPACT GUN CLEANING SYSTEM OTIS TACTICAL CLEANING KIT. Thank you for your attention to safety.
