SWIVEL BASE DRILL BIT SET Safety Instruction Guide

Introduction

Thank you for choosing the SWIVEL BASE DRILL BIT SET. This product is designed to assist you in drilling stud holes with ease and precision. Please read this safety instruction guide carefully to ensure safe and effective use of the drill bits.

General Safety Guidelines

- Ensure that the drill bits are used only for their intended purpose.
- Always wear appropriate safety gear, including safety goggles and gloves, when using the drill bits.
- Keep the workspace clean and free of clutter to avoid accidents.
- Ensure that children and pets are kept at a safe distance while using the drill bits.
- Regularly check the drill bits for any signs of wear or damage before use.
- Do not use the drill bits if they are damaged or if the drill is malfunctioning.

Specific Safety Precautions for Use

- Use the drill bits only with compatible drills to avoid accidents.
- Always secure the workpiece before drilling to prevent it from moving.
- When drilling, apply steady pressure without forcing the drill to prevent breakage.
- Do not exceed the recommended drill depth to avoid damaging the workpiece.
- If you experience resistance while drilling, stop immediately and assess the situation.
- Avoid wearing loose clothing or jewelry that could get caught in the drill.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials.
- Ensure your drill is compatible with the SWIVEL BASE DRILL BIT SET.

2. Installation:

- Insert the drill bit into the drill chuck, ensuring it is securely fastened.
- Adjust the drill depth using the preset drilldepth indicator.

3. Usage:

- Mark the location where you wish to drill.
- Position the drill bit at the marked spot and ensure it is perpendicular to the workpiece.
- Begin drilling at a low speed to create a pilot hole.
- Gradually increase the speed and apply steady pressure as needed.
- Use the builtin countersink feature for precise inletting of the stud spacer.

4. PostUsage:

- After drilling, carefully remove the drill bit from the chuck.
- Clean the drill bits and store them in a safe place.

Disposal Instructions

- Dispose of any damaged or worn drill bits in accordance with local regulations.
- Recycle packaging materials where possible.
- Do not dispose of drill bits in regular household waste.
