## A Drum Magazine Built for Your Single-Stack Glock G43

One of the most popular single-stack nines on the market today is the Glock G43, providing armed citizens with an easy-to-carry CCW pistol that's shootable and provides plenty of stopping power in the form of the 9mm cartridge. However, the small, 6-round magazine included with the gun doesn't provide a ton of practice time, since shooters have to constantly reload. With these Glock 43 polymer magazines, you can spend more time shooting and less time reloading, up to and including a 50-round drum mag! Each Glock 43 Magazine is built using a proprietary Zytel polymer, which gives it added strength and durability, so it'll last through years of range time. To reinforce this already-durable design, the magazine features an upper tower constructed with a full-length steel insert that's stamped and welded, just like those found on OEM Glock magazines. These Glock 43 Magazines also include a heat-treated magazine spring made from stainless steel, as well as an injection-molded magazine follower. The magazines are made in the USA and feature an all-black finish.

## Attributes

- Name: [PRO MAG DRUM MAGAZINE 6-RD POLYMER BLACK 9MM](#)
- Manufacturer: [PRO MAG](#)
- Product no.: 687150596

# Safety Instruction Guide for POLYMER MAGAZINES 9MM FOR GLOCK® 43 PRO MAG DRUM MAGAZINE 6RD POLYMER BLACK 9MM

## Introduction

Thank you for choosing the POLYMER MAGAZINES 9MM FOR GLOCK® 43 PRO MAG DRUM MAGAZINE. This guide provides essential safety instructions and guidelines to ensure safe and effective use of your magazine. It is vital to understand and follow these instructions to promote safety and compliance with EU General Product Safety Regulations (GPSR).

## General Safety Guidelines

- Ensure that all products are used according to the manufacturer's instructions.
- Always handle magazines and firearms with care, treating them as if they are loaded.
- Keep magazines out of reach of children and unauthorized users.
- Regularly check for wear and tear on your magazine to ensure it remains in good working condition.
- Report any unsafe products or incidents to the relevant authorities.
- For updates on product recalls or safety issues, check the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always use the magazine with a compatible firearm, specifically the Glock G43.
- Do not exceed the stated capacity of the magazine (6 rounds) to avoid malfunctions.
- Ensure that the magazine is properly seated in the firearm before firing.
- Avoid using damaged or worn magazines, as they may pose a safety risk.
- Store magazines in a cool, dry place to prevent degradation of materials.
- Use only 9mm Luger cartridges as specified; other cartridges may cause malfunctions or damage.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Align the magazine with the magazine well of the Glock G43.
- Firmly insert the magazine until you hear a click, indicating it is locked in place.

### 2. Usage:

- Load the magazine by inserting cartridges into the magazine feed lips, ensuring they are seated properly.
- After loading, insert the magazine into the firearm as described above.
- To remove the magazine, press the magazine release button and pull the magazine out of the firearm.

### 3. Maintenance:

- Regularly clean the magazine to remove dirt and debris.
- Inspect the magazine spring and follower for proper function and replace if necessary.
- If the magazine does not function correctly, discontinue use and consult a qualified gunsmith.

## **Disposal Instructions**

- Dispose of the magazine in accordance with local regulations.
- If the magazine is damaged or no longer functional, consider recycling the polymer material where facilities exist.
- Never throw magazines in regular trash if they are still functional; instead, follow appropriate disposal methods for firearm accessories.

## **Contact Information for Further Support**

For questions or concerns regarding the POLYMER MAGAZINES 9MM FOR GLOCK® 43 PRO MAG DRUM MAGAZINE, please refer to the manufacturer's official website or customer service for assistance. Always ensure that you are following the latest safety guidelines and product information.

By adhering to these safety instructions, you can help ensure a safe and enjoyable experience with your POLYMER MAGAZINES 9MM FOR GLOCK® 43 PRO MAG DRUM MAGAZINE. Thank you for your attention to safety and responsible usage.
