

SMITH & WESSON SHIELD STEEL MAGAZINES - PRO MAG S&W SHIELD MAGAZINE 10-RD STEEL BLUE 9MM

[Magazines](#) > [Handgun Magazines](#) > [Magazines](#)

An Extended Magazine for Your Smith & Wesson M&P Shield

One of the most popular single-stack nines on the market, the Smith & Wesson Shield is only limited by its small magazine capacity, and these aftermarket steel magazines make up for that shortcoming with several different capacity options. Now, M&P Shield owners can train more and carry with increased confidence. The Smith & Wesson M&P Shield steel magazine is designed for use with 9mm models only and have a magazine body made from heat-treated carbon steel. The magazine is treated with a black-oxide finish that combats corrosion and premature wear. Inside each Smith & Wesson M&P Shield steel magazine, you'll find a spring formed from heat-treated chrome-silicon wire, as well as an injection-molded follower. The magazines are available with a 8-round, 9-round and a 10-round capacity and are made in the USA.

Safety Instruction Guide for SMITH & WESSON SHIELD STEEL MAGAZINES

Introduction

Thank you for choosing the Smith & Wesson Shield Steel Magazines. This guide provides essential safety instructions and guidelines to ensure the safe use of your magazine. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure that the magazine is compatible with the Smith & Wesson M&P Shield model and is intended for 9mm ammunition only.
- Always handle the magazine and firearm with care, treating them as if they are loaded.
- Keep magazines out of the reach of children and unauthorized users.
- Regularly inspect the magazine for any signs of damage or wear before use.
- Do not use the magazine if it is damaged or if the spring does not function properly.

Specific Safety Precautions for Use

- Always store magazines in a secure location, preferably in a locked container.
- When loading the magazine, do so in a safe environment, away from people and animals.
- Follow the manufacturer's instructions for loading and unloading the magazine.
- Avoid overloading the magazine beyond its specified capacity (10 rounds for this model).
- Do not attempt to modify or alter the magazine in any way; this can compromise safety and performance.
- If you experience any issues while using the magazine, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Loading the Magazine

- Hold the magazine firmly in one hand.
- Use your other hand to push the rounds into the magazine, ensuring they are seated properly.
- Do not exceed the magazine's maximum capacity of 10 rounds.

2. Installing the Magazine into the Firearm

- Ensure the firearm is pointed in a safe direction and is unloaded before inserting the magazine.
- Align the magazine with the magazine well of the firearm.
- Push the magazine firmly into place until you hear a click, indicating it is secure.

3. Removing the Magazine

- Ensure the firearm is pointed in a safe direction.
- Press the magazine release button on the firearm to eject the magazine.
- Store the magazine in a safe location.

4. Cleaning and Maintenance

- Regularly clean the magazine to prevent dirt and debris buildup.
- Use a soft cloth and a suitable cleaning solution to wipe down the magazine body.
- Inspect the spring and follower for any signs of wear or damage.

Disposal Instructions

- Dispose of the magazine in accordance with local regulations.
- If the magazine is damaged or no longer usable, do not attempt to repair it.
- Contact local waste management authorities for guidance on safe disposal.

Contact Information for Further Support

For any safety inquiries or concerns regarding the Smith & Wesson Shield Steel Magazines, please reach out to your local Smith & Wesson representative or authorized dealer. They will assist you with any questions or issues you may have.

By following these guidelines, you can ensure the safe and effective use of your Smith & Wesson Shield Steel Magazines. Thank you for prioritizing safety and responsible firearm ownership.
