

SMITH & WESSON BODYGUARD STEEL MAGAZINES .380 ACP - PRO MAG S&W BODYGUARD MAGAZINE 6-RD STEEL BLUE .380 ACP

[Magazines](#) > [Handgun Magazines](#) > [Magazines](#)

A Range of Aftermarket Magazines for Your Smith & Wesson M&P Bodyguard

The diminished stopping power of the .380 ACP cartridge means that more shots are needed to stop a threat, and that means that owners of pocket pistols like the M&P Bodyguard from Smith & Wesson will need extra firepower on board or a ready reload. These Smith & Wesson Bodyguard steel magazines are built to do the job right. The Smith & Wesson M&P Bodyguard steel magazine is designed for use with 9mm models only and have a magazine body made from heat-treated carbon steel. The magazine is treated with a black-oxide finish that combats corrosion and premature wear. Inside each Smith & Wesson M&P Bodyguard steel magazine, you'll find a spring formed from heat-treated chrome-silicon wire, as well as an injection-molded follower. The magazines are available with a 6-round, 10-round and a 15-round capacity and are made in the USA.

SMITH & WESSON BODYGUARD STEEL MAGAZINES .380 ACP Safety Instruction Guide

Introduction

Thank you for choosing the SMITH & WESSON BODYGUARD STEEL MAGAZINES .380 ACP. This guide provides important safety information and instructions for the proper use and handling of your magazine. Please read this guide thoroughly before use to ensure your safety and the safety of others.

General Safety Guidelines

- Always treat the magazine as if it is loaded.
- Keep the magazine out of reach of children and unauthorized users.
- Ensure you are familiar with the operation of your firearm before using the magazine.
- Store magazines in a cool, dry place away from direct sunlight.
- Regularly inspect the magazine for signs of wear or damage before use.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Only use the magazine with the compatible firearm models as specified.
- Do not modify the magazine in any way; alterations can lead to malfunctions or unsafe conditions.
- Avoid dropping the magazine as this could cause damage.
- Ensure that the magazine is properly seated in the firearm before firing.
- Do not attempt to load or unload the magazine while it is in the firearm.
- Use only the recommended .380 ACP cartridges for this magazine.
- Always wear appropriate eye and ear protection when using firearms.

Instructions for Installation and Usage

1. Loading the Magazine:

- Ensure the magazine is clean and free from debris.
- Hold the magazine with the feed lips facing upwards.
- Insert the cartridges one at a time into the magazine, ensuring they are seated correctly.
- Do not exceed the magazine's 6round capacity.

2. Inserting the Magazine into the Firearm:

- Ensure the firearm is pointed in a safe direction.
- With the firearm in a safe condition, align the magazine with the magazine well.
- Push the magazine firmly into the magazine well until it clicks into place.

3. Removing the Magazine from the Firearm:

- Ensure the firearm is pointed in a safe direction.
- Press the magazine release button to disengage the magazine.
- Gently pull the magazine out of the magazine well.

4. Unloading the Magazine:

- Ensure the magazine is removed from the firearm.
- Press the follower down and remove each cartridge one at a time.

- Store the magazine in a safe place after unloading.

Disposal Instructions

- Dispose of the magazine in accordance with local regulations.
- If the magazine is damaged, do not attempt to repair it; instead, dispose of it safely.
- Recycle any metal components where possible, following local recycling guidelines.

Contact Information for Further Support

For any inquiries or concerns regarding the safety of this product, please refer to the relevant authority or contact your local dealer for assistance.

Thank you for following these safety instructions. Your safety and the safety of others depend on responsible handling and use of firearms and their accessories.
