

# SMITH & WESSON BODYGUARD STEEL MAGAZINES .380 ACP - PRO MAG S&W BODYGUARD MAGAZINE 10-RD STEEL BLUE .380 ACP

[Magazines](#) > [Handgun Magazines](#) > [Magazines](#)

## A Range of Aftermarket Magazines for Your Smith & Wesson M&P Bodyguard

The diminished stopping power of the .380 ACP cartridge means that more shots are needed to stop a threat, and that means that owners of pocket pistols like the M&P Bodyguard from Smith & Wesson will need extra firepower on board or a ready reload. These Smith & Wesson Bodyguard steel magazines are built to do the job right. The Smith & Wesson M&P Bodyguard steel magazine is designed for use with 9mm models only and have a magazine body made from heat-treated carbon steel. The magazine is treated with a black-oxide finish that combats corrosion and premature wear. Inside each Smith & Wesson M&P Bodyguard steel magazine, you'll find a spring formed from heat-treated chrome-silicon wire, as well as an injection-molded follower. The magazines are available with a 6-round, 10-round and a 15-round capacity and are made in the USA.

# **Safety Instruction Guide for SMITH & WESSON BODYGUARD STEEL MAGAZINES .380 ACP**

## **Introduction**

Thank you for choosing the Smith & Wesson Bodyguard Steel Magazines. This guide provides important safety information to ensure the safe use and handling of your magazine. Please read this guide carefully before use to understand the potential hazards and how to mitigate them.

## **General Safety Guidelines**

- Ensure you are familiar with local laws and regulations regarding the possession and use of firearms and magazines.
- Always keep your magazine stored in a safe and secure location, out of reach of children and unauthorized users.
- Regularly inspect your magazine for signs of wear, damage, or corrosion. Do not use a damaged magazine.
- Use only compatible ammunition as specified by the manufacturer. For the Smith & Wesson Bodyguard, use .380 ACP cartridges only.
- Always handle your magazine with care, ensuring it is not loaded when performing maintenance or inspections.

## **Specific Safety Precautions for Use**

- Always treat every magazine as if it is loaded.
- Never point a firearm or magazine at anything you do not intend to shoot.
- Keep your finger off the trigger until you are ready to fire.
- Be aware of your surroundings and ensure a safe backdrop when using a firearm.
- Do not attempt to modify the magazine or use it for any purpose other than its intended use.
- If you experience any malfunctions while using the magazine, cease use immediately and consult a qualified gunsmith.

## **Instructions for Installation and Usage**

### **Installation**

1. Ensure the firearm is pointed in a safe direction and is unloaded.
2. Insert the magazine into the magazine well of the firearm until it clicks securely into place.
3. Confirm that the magazine is seated properly before proceeding.

### **Usage**

- Load the magazine with .380 ACP cartridges as per the specified capacity (10 rounds).
- Ensure the magazine is not overfilled, as this may cause malfunctions.
- To remove the magazine, press the magazine release button and pull the magazine out of the magazine well.
- Store the magazine in a safe location when not in use.

## **Disposal Instructions**

- Dispose of the magazine in accordance with local regulations regarding firearm accessories.

- If the magazine is damaged or no longer functional, do not attempt to repair it.
- Contact local authorities or a licensed firearms dealer for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding safety or product information, please refer to the manufacturer's website or contact your local authorized dealer.

By following these guidelines, you can help ensure your safety and the safety of others while using the Smith & Wesson Bodyguard Steel Magazines. Always prioritize safety and responsible handling practices.
