A Spare Mag for Your Taurus PT111 G2

Looking to get in more trigger time with your Taurus PT11 G2? Maybe you need to enhance your CCW kit with a durable back-up magazine that'll handle the wear and tear of everyday life? Whatever plans you have, these steel magazines are built to handle them with ease and are available in carry-ready and range-ready capacities. The Taurus PT111 G2 steel magazine is designed for use with 9mm models only and have a magazine body made from heat-treated carbon steel. The magazine is treated with a black-oxide finish that combats corrosion and premature wear. Inside each Taurus PT111 G2 steel magazine, you'll find a spring formed from heat-treated chrome-silicon wire, as well as an injection-molded follower. The magazines are available with a 15-round and 32-round capacity and are made in the USA.

Safety Instruction Guide for TAURUS PT111 G2 Steel Magazines 9MM

Introduction

Thank you for choosing the TAURUS PT111 G2 Steel Magazines. This guide provides essential safety instructions to ensure the safe use and handling of your magazine. Please read this guide carefully to understand how to operate the product safely and effectively.

General Safety Guidelines

- Always handle magazines and firearms with care, treating every firearm as if it is loaded.
- Store magazines in a secure location, out of reach of children and unauthorized users.
- Inspect magazines regularly for damage or wear before use.
- Avoid using damaged or worn magazines, as they may pose safety risks.
- Follow all local laws and regulations regarding the use and storage of firearms and ammunition.

Specific Safety Precautions for Use

- Ensure that the magazine is compatible with your firearm model (Taurus PT111 G2) and is designed for use with 9mm cartridges.
- Do not exceed the magazine's capacity; overloading can lead to malfunctions.
- When loading the magazine, do so in a safe environment, away from others.
- Always keep your finger off the trigger until you are ready to shoot.
- Be aware of your surroundings when handling firearms and magazines to avoid accidents.
- Do not attempt to disassemble the magazine unless you are trained to do so.

Instructions for Installation and Usage

1. Loading the Magazine:

- Hold the magazine with the base facing down and the follower facing up.
- Place the first cartridge into the magazine, pressing down on the follower.
- Continue adding cartridges one by one until the magazine is full or reaches the desired capacity.

2. Inserting the Magazine:

- Ensure the firearm is pointed in a safe direction and the safety is engaged.
- Align the magazine with the magazine well of the Taurus PT111 G2.
- Firmly push the magazine into the magazine well until it clicks into place.

3. Removing the Magazine:

- Ensure the firearm is pointed in a safe direction.
- Press the magazine release button on the firearm.
- Pull the magazine out of the magazine well.

4. Unloading the Magazine:

- In a safe environment, remove the magazine from the firearm.
- Press down on the follower and remove each cartridge one at a time.
- Inspect the magazine for any damage or debris.

Disposal Instructions

- Dispose of damaged or worn magazines according to local regulations.
- Do not throw magazines in regular trash; consider recycling options where applicable.
- Ensure that any remaining ammunition is safely disposed of or stored according to local laws.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please contact the manufacturer or your local dealer. It is important to ensure that you have the necessary support and guidance when handling firearms and accessories.

Conclusion

Your safety is our priority. By following these guidelines, you can ensure a safe and enjoyable experience with your TAURUS PT111 G2 Steel Magazines. Always stay informed about best practices and local regulations regarding firearm safety. Thank you for choosing our product.
