

TAURUS TCP STEEL MAGAZINES .380 ACP - PRO MAG TAURUS TCP MAGAZINE 6-RD STEEL BLUE .380 ACP

[Magazines](#) > [Handgun Magazines](#) > [Magazines](#)

An Extra Mag Designed for Your Taurus TCP

The compact size of the Taurus TCP makes it an attractive concealed-carry option, along with its affordable price, but that small size also makes it difficult to train with, since owners are constantly having to refresh and reload their magazines. Heading to the range with spare mags already loaded is a must for more training time, and these durable, steel magazines are built right for range and CCW use. The Taurus TCP steel magazine is designed for use with 9mm models only and have a magazine body made from heat-treated carbon steel. The magazine is treated with a black-oxide finish that combats corrosion and premature wear. Inside each Taurus TCP steel magazine, you'll find a spring formed from heat-treated chrome-silicon wire, as well as an injection-molded follower. The magazines are available with a 6-round and a 10-round capacity and are made in the USA.

Attributes

- Name: [PRO MAG TAURUS TCP MAGAZINE 6-RD STEEL BLUE .380 ACP](#)

Safety Instruction Guide for TAURUS TCP STEEL MAGAZINES .380 ACP

Introduction

Thank you for choosing the Taurus TCP Steel Magazines .380 ACP. This guide provides essential safety information to ensure the safe and effective use of your magazine. Please read this guide carefully before using the product.

General Safety Guidelines

- Always handle firearms and magazines with care and respect.
- Ensure the magazine is empty before handling or cleaning.
- Store magazines in a secure location, away from children and unauthorized users.
- Regularly inspect magazines for signs of wear or damage.
- Follow all local laws and regulations regarding firearms and ammunition.

Specific Safety Precautions for Use

- Use only Taurus TCP Steel Magazines with the Taurus TCP model.
- Do not attempt to modify or disassemble the magazine.
- Keep the magazine away from heat sources and direct sunlight to prevent damage.
- Do not overload the magazine beyond its specified capacity.
- Ensure that the magazine is properly seated in the firearm before use.

Instructions for Installation and Usage

1. Loading the Magazine:

- Ensure the magazine is clean and free of debris.
- Insert the desired number of rounds into the magazine, starting from the bottom.
- Press down on the top round to allow the next round to slide in easily.
- Do not exceed the magazine's capacity of 6 rounds.

2. Inserting the Magazine:

- Ensure the firearm is pointed in a safe direction and is unloaded.
- Align the magazine with the magazine well of the firearm.
- Firmly push the magazine into the well until it clicks into place.

3. Removing the Magazine:

- Ensure the firearm is pointed in a safe direction.
- Press the magazine release button to disengage the magazine.
- Carefully pull the magazine out of the magazine well.

4. Maintenance:

- Clean the magazine regularly with a soft cloth to remove dirt and debris.
- Inspect the spring and follower for any signs of damage.
- If the magazine shows signs of wear, discontinue use and replace it.

Disposal Instructions

- Dispose of the magazine in accordance with local regulations regarding metal recycling.
- Do not dispose of magazines in regular household waste.
- If the magazine is damaged or no longer usable, contact local authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Taurus TCP Steel Magazines .380 ACP, please refer to the manufacturer's contact information provided with your product packaging or visit the manufacturer's website for additional support.

Conclusion

Your safety is our priority. By following these guidelines, you can ensure the safe and effective use of your Taurus TCP Steel Magazines .380 ACP. Always stay informed about safety notifications and recalls through official channels. Thank you for your attention to these important safety instructions.
