Absorbs Recoil, Prevents Slippage

Recoil-absorbing, soft rubber sleeve offers a contoured, non-slip grip that dramatically improves shooting comfort and accuracy from your semi-auto duty pistol. Finger grooves and a slight palm swell help reduce felt recoil and muzzle jump for fast, accurate follow-up shots. Vertical and horizontal serrations provide a textured surface that's comfortable and easy-to-hold, especially during long periods in the ready position. Slides over pistol grip.
