Safety Instruction Guide for Slotted Tips Hoppes 12/16 GA. S/G Slotted Tip

Introduction

Thank you for choosing the Slotted Tips Hoppes 12/16 GA. S/G Slotted Tip. This product is designed for cleaning firearms and is made of durable nylon. It is important to read and understand the safety guidelines and instructions provided in this manual to ensure safe and effective use of the product.

General Safety Guidelines

- Always use the product in accordance with the instructions provided.
- Ensure that the firearm is unloaded before using the cleaning rod and slotted tip.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage.
- Report any unsafe product experiences to the appropriate authorities.

Specific Safety Precautions for Use

- Use the correct thread size for your firearm:
 - Handgun (H/G) and Rifle (R): 832 thread
 - Shotgun (S/G): 5/16"27 thread
- Avoid using excessive force when cleaning to prevent damage to both the firearm and the cleaning tip.
- Do not use the slotted tip with any other cleaning tools that are not compatible.
- Ensure that cleaning solvents and oils are stored safely and used in a wellventilated area.
- Follow all local regulations regarding the cleaning and maintenance of firearms.

Instructions for Installation and Usage

1. Installation:

- Identify the appropriate thread size for your firearm.
- Screw the slotted tip onto the cleaning rod until secure.
- Ensure that the connection is tight but do not overtighten, which may cause damage.

2. Usage:

- Insert the cleaning rod with the slotted tip into the firearm's chamber or muzzle, ensuring it is aligned properly.
- Gently pull the cleaning rod through the barrel, using a backandforth motion if necessary, to remove debris and fouling.
- Use appropriate cleaning patches or cloths with the slotted tip to effectively clean the firearm.
- After cleaning, remove the slotted tip and clean it separately to maintain its condition.

3. PostUsage:

- Store the cleaning rod and slotted tip in a cool, dry place.
- Check the condition of the product before each use and replace if damaged.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste if it contains hazardous materials.

- Consider recycling options for the nylon material if available in your area.

Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the contact details provided by the manufacturer or retailer where the product was purchased. Ensure you have the product details and any relevant information ready when seeking support.

By following these guidelines, you can ensure a safe and effective cleaning experience with your Slotted Tips Hoppes 12/16 GA. S/G Slotted Tip. Always prioritize safety and compliance with local regulations regarding firearm maintenance.
