# Safety Instruction Guide for OVERSIZE CYLINDER STOP POWER CUSTOM OVERSIZE CYLINDER STOP

## Introduction

Thank you for choosing the OVERSIZE CYLINDER STOP from POWER CUSTOM. This product is designed to enhance the function and accuracy of worn and loose Smith & Wesson K, L, and N frame revolvers. It is essential to follow the safety guidelines and instructions in this manual to ensure safe and effective usage.

## General Safety Guidelines

- Always ensure that the revolver is unloaded before installing or adjusting the cylinder stop.
- Use the product only for its intended purpose as specified in this manual.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the cylinder stop for wear or damage. Do not use if any damage is detected.
- If you experience any issues or have concerns regarding the product, seek assistance from a qualified gunsmith.

## Specific Safety Precautions for Use

- Ensure that you are familiar with the operation of your Smith & Wesson revolver before using the cylinder stop.
- Avoid using excessive force during installation to prevent damage to the revolver or the cylinder stop.
- Always wear appropriate safety gear, including eye protection, when handling firearms.
- Be aware of your surroundings and ensure that you are in a safe environment when using your revolver.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the revolver is unloaded. Remove any ammunition from the vicinity.
- Gather necessary tools, such as a screwdriver or wrench, if required for installation.

### 2. Installation:

- Locate the cylinder stop area on your Smith & Wesson revolver.
- Carefully remove the existing cylinder stop if applicable.
- Align the oversize cylinder stop with the cylinder stop slot.
- Gently press or screw the cylinder stop into place, ensuring it fits snugly without excessive force.
- Verify that the cylinder rotates freely and locks securely in place.

### 3. Usage:

- After installation, perform a function check to ensure that the cylinder operates correctly.
- Regularly test the revolver's operation to confirm that the cylinder stop is functioning as intended.

## Disposal Instructions

- Dispose of any damaged or wornout cylinder stops in accordance with local regulations regarding metal waste.
- Do not dispose of the product in general household waste. Instead, take it to a recycling facility that accepts metal products.

## **Contact Information for Further Support**

For any inquiries regarding safety or product usage, please refer to the manufacturer's contact details found on the product packaging or the official website.

## **Conclusion**

By following these safety instructions, you can ensure the safe and effective use of the OVERSIZE CYLINDER STOP. Always prioritize safety and seek professional assistance if you are uncertain about any aspect of the installation or usage of this product. Thank you for your commitment to safety and responsible firearm handling.
