

AK-47 RECOIL BUFFER - POWER CUSTOM AK-47 RECOIL BUFFER

[Rifle Parts](#) > [Receiver Parts](#) > [Recoil Parts](#) > [Recoil Buffers](#)

Reduces Bolt & Receiver Wear; Less Felt Recoil

Polymer buffer fits on the bolt spring to reduce bolt slap, felt recoil, and overall wear and tear. Provides a cushion that prevents the bolt from making contact with the receiver to reduce wear on both components. Installs easily over rear of spring assembly; no permanent modifications to rifle required. Good for at least 5,000 firing cycles.

Attributes

- Name: [POWER CUSTOM AK-47 RECOIL BUFFER](#)
- Manufacturer: [POWER CUSTOM](#)
- Product no.: 713000099
- Mfr. No.: BT-BUF-003
- Weapon type: AK-47
- Delivery weight: 0.007kg
- Shipping height: 38mm
- Shipping width: 51mm
- Shipping length: 64mm

AK47 Recoil Buffer Safety Instruction Guide

Introduction

Thank you for choosing the AK47 Recoil Buffer by Power Custom. This product is designed to enhance your shooting experience by reducing bolt slap, felt recoil, and overall wear and tear on your firearm. Please read this safety instruction guide carefully to ensure safe and effective use of the recoil buffer.

General Safety Guidelines

- Ensure that the AK47 Recoil Buffer is compatible with your firearm model.
- Always handle firearms with care and follow standard safety protocols.
- Store the product in a cool, dry place away from direct sunlight.
- Keep the recoil buffer out of reach of children and unauthorized users.
- Regularly inspect the recoil buffer for signs of wear or damage before use.

Specific Safety Precautions for Use

- Only use the recoil buffer with AK47 models, Mak90, Galil, and Valmet.
- Do not attempt to modify the recoil buffer; it is designed for specific use.
- Ensure that the firearm is unloaded before installing the recoil buffer.
- Use proper eye and ear protection while shooting.
- If you experience any unusual sounds or malfunctions while using the recoil buffer, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools (if any) for installation.

2. Installation:

- Locate the rear of the bolt spring assembly.
- Slide the polymer recoil buffer over the rear of the spring assembly.
- Ensure that the buffer fits snugly and securely.

3. Usage:

- After installation, conduct a function check to ensure the recoil buffer is properly seated.
- Use the firearm as per standard operating procedures.
- Monitor the performance of the recoil buffer during use.

4. Maintenance:

- Clean the recoil buffer with a soft cloth to remove debris.
- Inspect the buffer regularly for any signs of wear or damage.
- Replace the recoil buffer after 5,000 firing cycles or if any degradation is observed.

Disposal Instructions

- Dispose of the recoil buffer in accordance with local regulations.
- Do not incinerate or expose the recoil buffer to extreme heat.

- Recycle the polymer material if possible, following local recycling guidelines.

Contact Information for Further Support

For any safety inquiries or additional support regarding the AK47 Recoil Buffer, please refer to the manufacturer's contact details provided with your product.

By following these guidelines, you can ensure a safe and enjoyable experience with your AK47 Recoil Buffer. Always prioritize safety and consult professionals when in doubt.
