

# BLANK SCOPE RING BASE STOCK - POWER CUSTOM 18" PICATINNY SCOPE RING BASE

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Handgun Bases](#)

## Weaver-Style Or Picatinny Profile; Ready To Machine For Custom Installations

Blank aluminum stock has a milled center channel for lighter weight without reducing strength. Just cut to required length, mill the cross slots, radius the underside (if needed) and drill the mounting holes. Plenty of thickness allows machining to fit most revolver top straps and receivers. Available in Weaver or Picatinny profiles.

## Attributes

- Name: [POWER CUSTOM 18" PICATINNY SCOPE RING BASE](#)
- Manufacturer: [POWER CUSTOM](#)
- Product no.: 713000112

# BLANK SCOPE RING BASE SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the BLANK SCOPE RING BASE by POWER CUSTOM. This guide provides important safety instructions and information to ensure the safe and effective use of your product. Please read this guide carefully before installation and use.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always follow the installation instructions carefully to avoid accidents.
- Regularly inspect the product for any signs of wear or damage.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Potential Hazards:**
  - Improper installation may lead to equipment failure or personal injury.
  - Cutting or machining the aluminum may produce sharp edges; handle with care.
- **Avoiding Hazards:**
  - Use protective gear (gloves, goggles) when cutting or machining the product.
  - Ensure a stable work environment to prevent accidents during installation.
- **Audience Specific Warnings:**
  - This product is not intended for use by children. Keep it stored safely to avoid accidental access.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools (saw, milling machine, drill, etc.).
- Ensure a clean and organized workspace.

### 2. Cutting the Base:

- Measure and mark the desired length on the aluminum stock.
- Use a saw to cut the aluminum to the required length.

### 3. Milling the Cross Slots:

- Use a milling machine to create the cross slots as needed.
- Ensure the slots are evenly spaced and correctly aligned.

### 4. Radius the Underside (if needed):

- If necessary, radius the underside of the base using appropriate tools.

#### **5. Drilling Mounting Holes:**

- Mark the locations for the mounting holes.
- Drill the holes carefully, ensuring they are aligned with your firearm's specifications.

#### **6. Installation:**

- Attach the scope ring base to the firearm according to the manufacturer's instructions.
- Ensure all screws and fasteners are securely tightened.

#### **7. Final Check:**

- Inspect the installation for stability and security before use.
- Test the scope alignment and make adjustments as necessary.

## **Disposal Instructions**

- Dispose of any waste materials (e.g., aluminum scraps) in accordance with local regulations.
- Do not dispose of the product in household waste. Check for recycling options in your area.

## **Contact Information for Further Support**

For any questions or concerns regarding the BLANK SCOPE RING BASE, please refer to the manufacturer's website or contact your local retailer for assistance.
