

# HAMMER NOSE KITS FOR S&W - POWER CUSTOM HAMMER NOSE KIT FOR S&W L FRAME

[Handgun Parts](#) > [Trigger Group Parts](#) > [Hammer Parts](#) > [Hammer Blocks](#)

Spring loaded, longer hammer noses provide a consistent, positive ignition with the lightest hammer tension allowing for a lighter, smoother action.

Manufactured by wire EDM and CNC precision milling processes, with quality controlled heat treated from S7 tool steel. The hammer noses are machined, not stamped. Designed to be tough and provide a long service life. This kit includes hammer nose, spring and hammer nose rivet. Generally, normal replacement is all that's needed, though some factory variations may require minor fitting. Designed for Smith & Wesson centerfire models, K, L and N.

# Safety Instruction Guide for Hammer Nose Kits for S&W Power Custom Hammer Nose Kit for S&W L Frame

## Introduction

Thank you for choosing the Hammer Nose Kits for S&W Power Custom Hammer Nose Kit for S&W L Frame. This guide provides essential safety instructions and guidelines to ensure the safe use and installation of this product. Please read this document carefully before use.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle the kit with care to avoid injury.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for wear or damage.
- In case of any malfunction or damage, discontinue use immediately.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use the hammer nose kit only with Smith & Wesson centerfire models, specifically K, L, and N frames.
- Always wear appropriate safety gear, such as protective eyewear, when handling or installing the kit.
- Ensure that the firearm is unloaded before installation or maintenance.
- Follow all local laws and regulations regarding firearm modifications.
- Avoid using excessive force during installation to prevent damage to the components.
- Be aware of the potential hazards associated with firearms and handle them responsibly.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools and components, including the hammer nose, spring, and hammer nose rivet.
- Ensure that your work area is clean and welllit.

### 2. Installation Steps

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing hammer nose from the firearm according to the manufacturer's instructions.
- Install the new hammer nose by following these steps:
  - Align the hammer nose with the appropriate slot in the firearm.
  - Insert the hammer nose rivet to secure it in place.
  - Attach the spring carefully, ensuring it is positioned correctly for optimal function.
- Check the installation for stability and proper alignment.

### 3. Usage

- Test the functionality of the hammer nose by performing a dry fire (ensuring the firearm is unloaded).

- Monitor the performance during initial use and ensure smooth operation.

## Disposal Instructions

- Dispose of any damaged or unused components in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling materials where possible to minimize environmental impact.

## Contact Information for Further Support

For any inquiries or concerns regarding the Hammer Nose Kits for S&W Power Custom Hammer Nose Kit for S&W L Frame, please refer to the EUbased contact provided with your purchase.

By following these guidelines, you can ensure the safe and effective use of the Hammer Nose Kits for S&W Power Custom Hammer Nose Kit for S&W L Frame. Thank you for your attention to safety and responsible firearm handling.
