

# RMR SIGHT SCOPE MOUNT - PRECISION REFLEX RMR SIGHT SCOPE MOUNT

[Optics & Mounting](#) > [Electronic Sights](#) > [Mounting Hardware](#)

## For Mounting Trijicon RMR Sight To Any 30mm Scope Tube

Machined aluminum mount lets you install a Trijicon RMR reflex sight on a 30mm scope tube. Enables fast transition from long-range to close-in targeting simply by moving your eye. Lets you position the RMR to the left, right, or at any angle in between. Can also replace the ring top half on Precision Reflex 30mm scope rings.

# RMR SIGHT SCOPE MOUNT Safety Instruction Guide

## Introduction

Thank you for purchasing the RMR Sight Scope Mount. This guide provides essential safety instructions to ensure the safe and effective use of your product. By following these guidelines, you can minimize risks and enhance your experience with the RMR Sight Scope Mount.

## General Safety Guidelines

- Ensure that the mount is compatible with your specific Trijicon RMR reflex sight and 30mm scope tube.
- Regularly inspect the mount for any signs of wear or damage. Do not use if damaged.
- Keep the mount and reflex sight out of reach of children and vulnerable individuals.
- Only use the mount in accordance with the manufacturer's specifications.
- Report any unsafe products or accidents related to this mount to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform regularly.

## Specific Safety Precautions for Use

- Before installation, read all instructions thoroughly to ensure proper understanding.
- Do not exceed the weight limit specified by the manufacturer for the mount.
- Avoid using the mount in extreme weather conditions that may compromise its integrity.
- Ensure that the mount is securely attached to the scope tube before use. Loose fittings can lead to accidents.
- Do not modify or alter the mount in any way, as this may affect safety and performance.
- Use the mount only for its intended purpose; misuse can lead to injury or damage.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools for installation, including a screwdriver and any required mounting hardware.
- Ensure that the installation area is clean and free from distractions.

### 2. Installation Steps

- Remove any existing accessories from the 30mm scope tube.
- Align the RMR Sight Scope Mount with the desired position on the scope tube.
- Securely attach the mount using the provided screws, ensuring that they are tightened appropriately but not overtightened.
- Adjust the position of the RMR sight as needed, allowing for optimal eye relief and targeting.

### 3. Usage Tips

- Practice transitioning between longrange and closein targeting before using the mount in the field.
- Regularly check the mount's stability during use and make adjustments as necessary.
- After use, clean the mount and sight to maintain their condition and performance.

## **Disposal Instructions**

- Dispose of the RMR Sight Scope Mount in accordance with local regulations.
- Do not dispose of the mount in regular household waste if it contains electronic components.
- Consider recycling options for aluminum parts where available.

## **Contact Information for Further Support**

For any inquiries regarding safety or product support, please refer to the manufacturer's contact details provided with your product packaging.

By adhering to these safety instructions, you can ensure a safe and enjoyable experience with your RMR Sight Scope Mount. Thank you for your attention to these important guidelines.
