

SAF-T-TRAINERS DUMMY ROUNDS - PRECISION GUN SPECIALTIES

380 AUTO ORANGE DUMMY ROUNDS 10/PACK

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Cartridge Dummies](#)

Brightly Colored "Dummies" For Training Exercises

Brightly colored plastic and a different "feel" makes sure you won't confuse these for live rounds. Popular with many departments and agencies for use in Immediate Action training for just that reason. These do not duplicate weight and balance of loaded rounds or function-testing dummies.

Attributes

- Name: [PRECISION GUN SPECIALTIES 380 AUTO ORANGE DUMMY ROUNDS 10/PACK](#)

SAFTTRAINERS DUMMY ROUNDS SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the SAFTTRAINERS Dummy Rounds by Precision Gun Specialties. This product is designed to enhance training safety and effectiveness. It is crucial to understand how to use this product safely to ensure a secure training environment.

General Safety Guidelines

- Always treat dummy rounds as if they were live ammunition.
- Store dummy rounds in a secure location, away from children and unauthorized users.
- Regularly inspect dummy rounds for any signs of wear or damage.
- Report any unsafe products or accidents to the relevant authorities.
- Stay updated on recall notices through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that dummy rounds are clearly distinguishable from live ammunition. Use brightly colored rounds (orange or yellow) for training.
- Do not use dummy rounds in firearms that are not designed for them.
- Avoid using dummy rounds in scenarios where live ammunition is present.
- Supervise training sessions to ensure all participants understand the use of dummy rounds.

Instructions for Installation and Usage

1. Preparation:

- Confirm that the firearm is unloaded and safe before inserting dummy rounds.
- Use dummy rounds only in designated training firearms.

2. Loading Dummy Rounds:

- Open the magazine or chamber of the firearm.
- Insert the dummy rounds into the magazine or chamber as you would with live ammunition.
- Ensure the rounds are seated properly and that the firearm is closed securely.

3. During Training:

- Use dummy rounds for Immediate Action training.
- Maintain a safe distance from others during practice.
- Communicate clearly with all participants about the use of dummy rounds.

4. Post Training:

- After training, remove all dummy rounds from the firearm.
- Store dummy rounds in their original packaging or another secure container.

Disposal Instructions

- Dispose of damaged or worn dummy rounds in accordance with local regulations.
- Do not discard dummy rounds in regular household waste.

- Contact local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or concerns, please refer to the EUbased contact point designated for this product. Ensure you have the product information ready for assistance.

Thank you for prioritizing safety in your training sessions. Enjoy your training with SAFTRAINERS Dummy Rounds!
