

# SAF-T-TRAINERS DUMMY ROUNDS - .17 HMR, ORANGE, QTY 50

[Gunsmith Tools & Supplies](#) > [General Gunsmith Tools](#) > [Cartridge Dummies](#)

## Brightly Colored "Dummies" For Training Exercises

Brightly colored plastic and a different "feel" makes sure you won't confuse these for live rounds. Popular with many departments and agencies for use in Immediate Action training for just that reason. These do not duplicate weight and balance of loaded rounds or function-testing dummies.

## Attributes

# SAFTTRAINERS DUMMY ROUNDS .17 HMR Safety Instructions

## Introduction

Thank you for choosing the SAFTTRAINERS DUMMY ROUNDS .17 HMR. These brightly colored plastic rounds are designed specifically for training purposes, ensuring a clear distinction from live ammunition. This guide provides important safety instructions to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that all users understand the purpose of dummy rounds and their limitations.
- Always treat dummy rounds with the same respect as live ammunition.
- Keep dummy rounds out of reach of children and unauthorized persons.
- Regularly inspect dummy rounds for signs of wear or damage before use.
- Report any unsafe products or incidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Do not use dummy rounds in any firearm that is not specifically designed for them.
- Never attempt to modify or alter the dummy rounds in any way.
- Use dummy rounds only in controlled training environments under the supervision of qualified personnel.
- Avoid using dummy rounds in situations where live ammunition is present.
- Ensure that all participants in training exercises are aware that dummy rounds are being used.

## Instructions for Installation and Usage

- **Storage:** Store dummy rounds in a cool, dry place, away from direct sunlight and extreme temperatures.
- **Usage:**
  1. Confirm that the firearm is unloaded and clear of any live ammunition before inserting dummy rounds.
  2. Insert dummy rounds into the magazine or chamber of the firearm as per the manufacturer's instructions.
  3. Conduct training exercises in a safe environment, ensuring all safety protocols are followed.
  4. After training, remove dummy rounds from the firearm and store them properly.

## Disposal Instructions

- Dispose of damaged or wornout dummy rounds in accordance with local regulations.
- Do not throw dummy rounds in regular trash; consult local waste management guidelines for proper disposal methods.

## Contact Information for Further Support

For any inquiries regarding safety or product information, please consult the manufacturer or your local distributor. Always ensure that you have access to support when using dummy training rounds.

By following these guidelines, you can ensure a safe and effective training experience with the SAFTTRAINERS DUMMY ROUNDS .17 HMR. Thank you for your attention to safety.
