

# PISTOL CHAMBER/CASE LENGTH GAUGE - RCBS 9MM LUGER CHAMBER/CASE LENGTH GAUGE

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

## Checks Your Finished Rounds To Ensure They Meet Specs

With the RCBS Pistol Chamber / Cartridge Gauge, you can quickly check case length, diameter, and the overall cartridge length of your handloaded pistol ammo. Simply drop a loaded round into the precision made gauge, and if your cartridge fits the gauge, it'll fit your pistol. Quickly confirms ammunition will fit your pistol's chamber. Easy-to-read engravings display caliber size. The RCBS Pistol Chamber / Cartridge Gauge is a one-piece, non-adjustable gauge designed to check all critical dimensions of pistol ammunition to insure proper fit.

## Attributes

# Safety Instruction Guide for RCBS Pistol Chamber / Cartridge Gauge

## Introduction

Thank you for choosing the RCBS Pistol Chamber / Cartridge Gauge. This guide provides essential safety instructions and usage guidelines to ensure safe operation and compliance with the EU General Product Safety Regulation (GPSR). Please read this document carefully before using the product.

## General Safety Guidelines

- Always handle ammunition with care and follow safe reloading practices.
- Ensure that the gauge is used in a welllit and clean environment to avoid misreading.
- Keep the gauge out of reach of children and vulnerable individuals.
- Regularly inspect the gauge for any signs of wear or damage before each use.
- If you encounter any issues with the gauge, cease use immediately and seek assistance.

## Specific Safety Precautions for Use

- Only use the gauge with 9 mm Luger cartridges.
- Do not attempt to modify or adjust the gauge in any way.
- Ensure that the gauge is placed on a stable surface during use to prevent accidental movement.
- Always wear appropriate safety gear, such as safety glasses, when handling ammunition.
- Do not use the gauge with damaged or deformed cartridges, as this may lead to inaccurate readings or safety hazards.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that your work area is clean and free from distractions.
- Gather your handloaded pistol ammunition and the RCBS Pistol Chamber / Cartridge Gauge.

### 2. Using the Gauge:

- Carefully drop a loaded round into the gauge.
- Observe the fit:
  - If the cartridge fits snugly, it is suitable for use in your pistol.
  - If the cartridge does not fit, do not use it in your pistol.

### 3. Checking Dimensions:

- The gauge allows you to check:
  - Case length
  - Diameter
  - Overall cartridge length
- Always refer to your pistol's specifications to ensure compatibility.

### 4. PostUse:

- After using the gauge, store it in a safe, dry place away from moisture and direct sunlight.
- Regularly clean the gauge according to the manufacturer's recommendations to maintain its accuracy.

## Disposal Instructions

- Dispose of the gauge in accordance with local regulations regarding electronic waste and materials.
- Do not dispose of the gauge with regular household waste.
- If the gauge is damaged beyond repair, contact local waste management services for proper disposal methods.

## Contact Information for Further Support

For any inquiries regarding safety or product concerns, please reach out to the designated EU contact point provided by the manufacturer. Ensure you have your product details ready for a more efficient response.

## Conclusion

By following these safety instructions, you can ensure a safe and effective experience with the RCBS Pistol Chamber / Cartridge Gauge. Always prioritize safety and adhere to best practices when handling ammunition and using this gauge. For any further information or updates regarding product safety, please refer to the EU Safety Gate platform for recall notices and safety updates.
