

# PISTOL CHAMBER/CASE LENGTH GAUGE - RCBS 38 SPECIAL CHAMBER/CASE LENGTH GAUGE

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

## Checks Your Finished Rounds To Ensure They Meet Specs

With the RCBS Pistol Chamber / Cartridge Gauge, you can quickly check case length, diameter, and the overall cartridge length of your handloaded pistol ammo. Simply drop a loaded round into the precision made gauge, and if your cartridge fits the gauge, it'll fit your pistol. Quickly confirms ammunition will fit your pistol's chamber. Easy-to-read engravings display caliber size. The RCBS Pistol Chamber / Cartridge Gauge is a one-piece, non-adjustable gauge designed to check all critical dimensions of pistol ammunition to insure proper fit.

# Safety Instruction Guide for RCBS Pistol Chamber/Case Length Gauge

## Introduction

Thank you for choosing the RCBS Pistol Chamber/Case Length Gauge for your reloading needs. This guide provides essential safety instructions and information to ensure the safe and effective use of this product. Please read this manual carefully before using the gauge.

## General Safety Guidelines

- Always handle ammunition and reloading tools with care and respect.
- Ensure that the gauge is used in a welllit and clutterfree environment.
- Keep the gauge out of reach of children and pets.
- Regularly inspect the gauge for any signs of damage or wear before use.
- Follow all local laws and regulations regarding ammunition and reloading practices.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Use the gauge only for checking case lengths, diameters, and overall cartridge lengths of handloaded pistol ammunition.
- Do not attempt to modify or adjust the gauge; it is designed as a onepiece, nonadjustable tool.
- Ensure that the gauge is clean and free of debris before inserting any cartridges.
- Always wear appropriate safety gear, such as safety glasses, when handling ammunition.
- Do not use the gauge if it is damaged or if you suspect it may be malfunctioning.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your workspace is clean and organized.
- Gather your handloaded pistol ammunition and the RCBS Pistol Chamber/Case Length Gauge.

### 2. Using the Gauge:

- Hold the gauge securely in one hand.
- Drop a loaded round into the gauge. Ensure it is seated properly.
- Observe the fit of the cartridge in the gauge:
  - If the cartridge fits snugly and the engravings indicate the correct caliber size, it is suitable for use in your pistol.
  - If the cartridge does not fit properly, do not use it in your pistol.

### 3. PostUse Care:

- After using the gauge, clean it with a soft cloth to remove any residue.
- Store the gauge in a safe, dry place away from direct sunlight and moisture.

## Disposal Instructions

- Dispose of the gauge in accordance with local regulations regarding electronic and mechanical waste.
- If the gauge is no longer usable, ensure it is disposed of in a manner that prevents it from being accessible to children or unauthorized individuals.

## **Contact Information for Further Support**

For any questions or concerns regarding the RCBS Pistol Chamber/Case Length Gauge, please refer to the manufacturer's contact information provided with your product packaging or on the official RCBS website.

Thank you for following these safety guidelines. By using the RCBS Pistol Chamber/Case Length Gauge responsibly, you contribute to a safer reloading environment.
