

# PISTOL CHAMBER/CASE LENGTH GAUGE - RCBS 45 ACP CHAMBER/CASE LENGTH GAUGE

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

## Checks Your Finished Rounds To Ensure They Meet Specs

With the RCBS Pistol Chamber / Cartridge Gauge, you can quickly check case length, diameter, and the overall cartridge length of your handloaded pistol ammo. Simply drop a loaded round into the precision made gauge, and if your cartridge fits the gauge, it'll fit your pistol. Quickly confirms ammunition will fit your pistol's chamber. Easy-to-read engravings display caliber size. The RCBS Pistol Chamber / Cartridge Gauge is a one-piece, non-adjustable gauge designed to check all critical dimensions of pistol ammunition to insure proper fit.

# Safety Instruction Guide for RCBS Pistol Chamber/Case Length Gauge

## Introduction

Thank you for choosing the RCBS Pistol Chamber/Case Length Gauge. This product is designed to help you ensure the proper fit of your handloaded pistol ammunition. Please read this safety instruction guide carefully to ensure safe and effective use of the gauge.

## General Safety Guidelines

- Always use the gauge in a welllit and clean environment.
- Keep the gauge out of reach of children and pets.
- Inspect the gauge for any damage before each use. If damaged, do not use the gauge.
- Use the gauge only for its intended purpose – checking the dimensions of .45 ACP cartridges.
- Avoid using the gauge with ammunition that has been improperly stored or shows signs of damage.

## Specific Safety Precautions for Use

- Ensure that your hands are clean and dry before handling the gauge.
- Do not force a cartridge into the gauge. If it does not fit easily, check for potential issues with the cartridge.
- Always handle ammunition safely and in accordance with standard firearm safety practices.
- Wear safety glasses if you are working in an environment where debris may be present.
- Never use the gauge as a substitute for proper firearm maintenance or inspection.

## Instructions for Installation and Usage

### 1. Preparation:

- Before using the gauge, ensure that it is clean and free from debris.
- Gather your .45 ACP cartridges that you wish to check.

### 2. Using the Gauge:

- Hold the gauge securely in one hand.
- Gently drop a loaded .45 ACP cartridge into the gauge.
- Observe the fit of the cartridge:
  - If the cartridge fits snugly without excessive force, it is likely suitable for use in your pistol.
  - If the cartridge does not fit, do not attempt to modify it. Review the dimensions and specifications of the cartridge.

### 3. PostUse:

- After using the gauge, clean it with a soft cloth to remove any residue.
- Store the gauge in a safe and dry location, away from direct sunlight and moisture.

## Disposal Instructions

- Dispose of the gauge in accordance with local regulations for nonhazardous materials.
- If the gauge is damaged beyond repair, consider recycling it where facilities exist.

## **Contact Information for Further Support**

For any questions or support regarding the RCBS Pistol Chamber/Case Length Gauge, please refer to the manufacturer's website or customer service for assistance.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective experience with the RCBS Pistol Chamber/Case Length Gauge. Always prioritize safety when handling ammunition and firearms. Thank you for your attention to these important guidelines.
