

NECK SIZER DIES - RCBS 300 NORMA MAG NECK SIZER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Neck sizing dies size only the case neck of the cartridge - not the shoulder or the case body. Use neck dies when cases are fired in the same rifle and a close cartridge case to chamber fit is desired. The neck die will size the neck, decap the spent primer, then size for correct bullet tension with the expander ball. Neck dies come in an RCBS plastic die box and will fit all 7/8 to 14 reloading presses.

Attributes

- Name: [RCBS 300 NORMA MAG NECK SIZER DIE](#)

NECK SIZER DIES RCBS 300 NORMA MAG Safety Instruction Guide

Introduction

Thank you for choosing the NECK SIZER DIES RCBS 300 NORMA MAG. This product is designed to help you achieve precise neck sizing for your cartridge cases. To ensure safe and effective use, please read and follow the safety instructions and guidelines outlined in this document.

General Safety Guidelines

- Always handle reloading equipment and components with care to prevent accidents.
- Ensure that you are familiar with the operation of your reloading press before using this product.
- Keep all reloading components out of reach of children and vulnerable individuals.
- Use personal protective equipment (PPE) such as safety glasses and gloves when reloading.
- Do not use damaged or malfunctioning equipment. Inspect your dies and reloading press regularly.
- Store the NECK SIZER DIES in a cool, dry place away from moisture and extreme temperatures.
- Dispose of used primers and other hazardous materials in accordance with local regulations.

Specific Safety Precautions for Use

- **Hazard Identification:**

- Risk of injury from handling sharp objects.
- Risk of explosion if incorrect components are used.

- **Avoiding Hazards:**

- Always ensure that the die is properly mounted in the reloading press before use.
- Do not exceed the recommended load specifications for your cartridges.
- Handle spent primers with care to avoid accidental discharge.

- **Audience Specific Warnings:**

- This product is intended for use by individuals who are at least 18 years old and experienced in reloading ammunition.
- Ensure that you understand the reloading process and the specific characteristics of the 300 Norma Magnum cartridge.

Instructions for Installation and Usage

- **Installation:**

1. Ensure your reloading press is securely mounted and stable.
2. Remove the NECK SIZER DIE from its packaging.
3. Insert the die into the reloading press according to the manufacturer's instructions.
4. Tighten the die securely to prevent movement during operation.

- **Usage:**

1. Prepare your cartridge cases by cleaning them thoroughly.
2. Place a case into the shell holder of the reloading press.
3. Pull the handle to raise the ram, allowing the case to enter the die.

4. Once the case is fully sized, lower the ram and remove the case.
5. Repeat the process for each case you wish to size.
6. After sizing, decap the spent primer and size for correct bullet tension using the expander ball.

Disposal Instructions

- Dispose of all used reloading components, including spent primers and cases, in accordance with local regulations.
- Do not dispose of hazardous materials in regular household waste.
- Check with local waste management authorities for specific disposal guidelines.

Contact Information for Further Support

For any safety inquiries or concerns regarding the NECK SIZER DIES RCBS 300 NORMA MAG, please refer to your retailer or manufacturer. It's important to stay informed about product recalls and safety updates. You can check for recall updates on the EU's Safety Gate platform.

Thank you for your attention to these safety instructions. Your safety is our priority, and we hope you enjoy using the NECK SIZER DIES RCBS 300 NORMA MAG.
